DEMOCRATIC PARTY MUST FIGHT LIQUOR, SAYS WM. J. BRYAN

Secretary of State Declares the Party Cannot Afford to Take a Stand Against Prohibition.

WARNING IS PRONOUNCED FOR LIQUOR INTERESTS

Bryan Says These Interests Are in Conspiracy Against Everything Good—Hopes to See Democratic Party Favor Prohibition Wherever Question Is Raised.

Washington, April 7.—Secretary Bryan tonight made public a letter he had written to L. W. Kennington, democratic national committeeman from Iowa, expressing the hope that Iowa democrats would take a stand for prohibition and vote against officials who could be controlled by the liquor interests.

In a statement given out with the letter Mr. Bryan said he hoped to see the democratic party take the prohibition side wherever the question was raised, and that if the liquor interests insisted on making an issue in the selection of a national committeeman, the people opposed to the liquor traffic could not afford to ignore it.

"I do not know to what extent the liquor question will be an issue in the campaign next year," Mr. Bryan added. "At the present time it does not seem probable that it will find a place in the platform of either the democratic or the republican party, but there is no reason why the national committeemen should not represent the sentiment of the party on this subject as on other subjects."

Mr. Kennington had written Mr. Bryan that his name was being used in behalf of a candidate for the national committee.

BRYAN'S LETTER ON IOWA SITUATION.

In his letter to Mr. Kennington Mr. Bryan said:

"The legislature of Iowa has voted statutory prohibition and has also submitted to the people a prohibition amendement to the constitution. It becomes necessary, therefore, for the voters of Iowa to act upon the liquor question, both in choosing another legislature and in voting upon the amendment submitted. The democrats of Iowa, constituting a considerable portion of the voting population, must take action upon this subject both in the nomination and election of legislators and also directly as they vote upon the prohibition amendment.

"I take it for granted that the democratic party will act upon the subject in its state and local conventions, and even if it does not, the individual action taken by the members of the organization will to a greater or less extent, commit the party on this subject and thus affect the party's strength in the state.

Liquor Conspiracy Alleged.

"It is proper that the national committeemen should represent the attitude of the party on this question, in fact the liquor interests have already ruled out one good man because he is 'dry.' The only way in which the sentiment of the party can be made evident in advance of a convention or an election is for each person to vote as he thinks, if he acts as an individual or, as his constituents think, if he acts as a representative.

"The liquor question is a moral question and our party's hope of success in the state of Iowa for years to come will, in my judgment, depend upon the manner in which it meets this question and the position it takes upon it.

"If I were a citizen of Iowa I would make my opinion on the subject manifest by casting whatever influence I had in favor of the selection of officials who would not be controlled by, or under obligations to, the liquor interests, but would be positively and definitely committed to the home as against the saloon. The brewer, the distiller and the saloon keeper are in conspiracy against all that is pure in society, against all that is sacred in the family—against all that is good in industry and desirable in government. I do not mean to say that every brewer, every distiller, or every saloon keeper is consciously conspiring, but the business in which these men are engaged is the enemy of progress and civilization and they are not in position to oppose the influence that dominate it. Those who represent the liquor interests are conscienceless in their methods; they debauch the individuals through whom they act and any party to which they dictate. The democratic party can only hope for success when it gives expression to high ideals and makes itself the champion of the noblest principles and the best policies.

Only One Side to Moral Question.

"Whenever a moral question is raised, therefore, there is but one side to it, unless the party is willing to sell its soul for a support which cannot be more than temporary and which cannot be accepted even temporarily without the forfeiture of public respect.

"It does not matter much what particular individual is chosen as national committeeman, but it matters a great deal, whether he stands on the moral or immoral side of the line that separates the forces that are soon to engage in political battle in Iowa. It would be far better to take an obscure man who is right on the liquor question than a well-known man who is wrong on the liquor question, for from his cause; whereas, individual when he becomes the exponent of a righteous cause—he borrows strength from his cause; whereas individual strength and personal influence dwindle into nothingness under the blight of an unholy alliance with an immoral cause.

"If, therefore, anybody asks you my opinion, you may say that in any contest between a 'wet' and a 'dry' candidate for national committeeman I am for the dry candidate, and that I shall be greatly disappointed if the democratic party in Iowa does not throw the weight of its great influence against the liquor interests and all that they stand for or desire."

STATEMENT MADE BY SECRETARY BRYAN.

Secretary Bryan's statement follows:

"The letter of Comitteeman Kennington explains itself. It was being urged in behalf of one candidate that I favored his selection. When this was brought to my attention, I felt that if

CORPSE OF WOMAN HELD NOT AN ASSET OF A PAWNBROKER

Des Moines, Iowa, April 7.—The body of Miss Dollie Morgan after death should not be considered an asset or liability in settlement of the business of Mose Levich, bankrupt, according to a decision today by H. H. Whitaker, referee of bankruptcy.

Levich came into possession of a bill of sale over Miss Morgan's body in 1907, when the young woman entered his pawn shop and as security for a loan of $10 offered him the right to her body after her death.

T. P. A. CONVENTION WILL BEGIN TODAY

Opening Exercises Will Be Held This Morning at 10 O'Clock in Assembly Room of Ansley Hotel.

With delegates and visitors arriving on a number of trains which came into the city Wednesday night, and with still a large number to roll in Thursday morning, the annual state meeting of the Travelers' Protective association promises to be one of the largest in attendance and interest ever held by that body.

Delegations which came in Wednesday night were from Macon, Augusta, Rome, Columbus, and other points, among the latter delegation being President J. M. Giddens, who has served the order for the past year, and will be a candidate for re-election, to be opposed by an Atlanta man—J. C. Harrison, recently elected president of Post B, of this city.

Savannah Comes Today.

The Savannah delegation, with Secretary Albert Ehrlich in the party, will arrive early Thursday morning. Reports from Savannah say that the travelers are coming up strong from that city and that they expect to hold Mr. Ehrlich in the very responsible place which he now occupies. It is hardly thought he will have any opposition.

The opening exercises of the convention will be held at the assembly room of the Ansley hotel, which is headquarters for the delegates and visitors, and will begin at 10 o'clock Thursday morning. Addresses of welcome will be made by Governor John M. Slaton, Mayor J. G. Woodward, R. A. Broyles, in behalf of Post B; W. G. Moore, in behalf of the U. C. T.; James L. Mayson, on behalf of the ladies, and from representatives of the press. Responses will be made by President J. M. Giddens.

A large number of ladies will be in attendance, a committee of twenty-five Atlanta ladies having been named to look after the desires of the fair visitors.

Indorsement for Belk.

Among the more important matters to come before the convention will be an indorsement of the name of Rev. S. R. Belk, presiding elder of the Gainesville district, for national chaplain of the T. P. A., his name to be presented to the national meeting in Omaha next June.

The entertainment program consists of a luncheon for the ladies at the Ansley hotel at 1 o'clock Thursday afternoon, and on Thursday evening a theater party at the Forsyth for both delegates and visitors, an automobile ride for the ladies at 10:30 o'clock Friday morning with a luncheon at C. J. Kamper's Peachtree store and a musical entertainment at 1 o'clock at Cox college at College Park; an automobile ride Friday afternoon for the delegates to the federal prison and the Ford automobile plant; and a dance at the Ansley hotel on Friday night.

The convention will come to a close with an old-fashioned barbecue at Stone Mountain on Saturday.

Columbus Sends Delegates.

Columbus, Ga., April 7.—(Special.)—A portion of the Columbus delegation to the state convention of the Travelers' Protective Association left for Atlanta this afternoon and the others leave tomorrow. The delegation from Post C consists of ten well known traveling men headed by State President J. M. Giddens.

Girl of 11 Pens Note for Mother Then Disappears

City and county police throughout last night scoured Fulton county for Annie Louise Hill, 11 years old, the pretty little daughter of Mrs. Willie Sommer, of 33 Kuhn street, who has been missing since about 10 o'clock Wednesday morning.

It is believed that the child ran away from home as a result, perhaps, of some imagined small sorrow which only she knows. Yet it is not certain that the child has not been kidnaped or has become the victim of foul play.

A note, apparently from the child, was found under the doorsill by Mrs. Sommer Wednesday night when she returned home from work. The note read as follows:

"You have been to me as a mother ought to be. You have bought me music and candy, and, oh, you have been so kind to me, mother, that it nearly breaks my heart to go away!

"You will never see me again, mother, so goodby.

"Your loving daughter,

"ANNIE LOUISE."

When Mrs. Sommer, who has been living alone with her little daughter at the Kuhn street address since the death of her husband a year ago, left home for work Wednesday morning about 7 o'clock Annie Louise accompanied her to the car. Mrs. Sommer kissed her goodby and caught the car. That was the last she saw of her little daughter.

Annie Louise was not due at the Moreland avenue school until about 8:30 o'clock. Investigation showed that she did not go to school on Wednesday at all.

Neighbors declared that they saw the child leave her home at about the time she should be leaving for school and that she carried a bundle under her arm. Mrs. A. V. Clifton, also a neighbor, declared that she saw Annie Louise crossing the Edgewood avenue bridge about 10:30 o'clock Wednesday morning and still carrying the bundle. This is the last time the child was seen, so far as investigation at an early hour this morning showed.

Officers Sam Long and W. D. Wade were assigned to the case last night by Night Chief Jett and they searched the city all night long, but without result.

Description of the little girl has been given to the entire city police force of 267 officers and to the county police.

The missing child weighs about 87 pounds. She has blue eyes and blonde hair. She is believed to be wearing, unless she has changed her clothes since leaving home, a black dress trimmed in red with red hair ribbon and a black straw hat trimmed in blue silk.

HUERTA IS HEADING FOR UNITED STATES TO MEET MEXICANS

Washington Announces Former Dictator Is on a Spanish Steamer Due to Arrive at N. Y. Saturday.

FOLLOWERS OF HUERTA PREPARE FOR CAMPAIGN

State Department Hears That Both the Carranza and the Villa-Zapata Factions Are to Be Opposed.

Washington, April 7.—Official announcement that Victoriano Huerta, once Mexican dictator, was on his way from Spain to the United States, was received at the state department today from the American consul at Seville. Huerta is on the steamer Antonio Lopez, due to arrive at New York Saturday. It will be his first visit to the United States.

The purpose of Huerta's visit is unknown to officials, but it generally is believed he intends to confer with prominent Mexicans associated with him in his administration who have gathered in New York since the triumph of the constitutionalist forces, or perhaps intends to make his residence there.

The state department has heard rumors that some of Huerta's followers are gathering strength to promote another military campaign in Mexico, to oppose both the Carranza and the Villa-Zapata factions, but nothing tangible has developed, it is said, indicating any move in that direction.

Belief has prevailed in official quarters here that many of the Mexicans in exile sooner or later would join whatever faction was apparently getting the upper hand in the present struggle.

MEXICAN BULLETS FALL IN BROWNSVILLE.

Brownsville, Texas, April 7.—Despite the recent warning of United States military authorities bullets fell in Brownsville again today during a brief exchange of rifle fire between the Villa and Carranza armies contending for possession of Matamoros. No one on the American side of the border was struck, but several narrowly escaped injury. The commanders of both forces reported the skirmish without effect and of minor importance.

The arrival of the vanguard of the Villa artillery train was announced tonight by Villa agents here. Two cannon reached the Villa lines today, it was stated, and others being transported overland were reported passing La Palma, about 20 miles west of Matamoros. United States custom house manifests showed that one carload of rifle cartridges crossed from Brownsville today for the Carranza forces and it is reported that 2,000 hand grenades also were delivered to the garrison defending the town.

BATTLE HAS BEGUN NEAR QUERETARO.

El Paso, Texas, April 7.—The Villa and Obregon forces have clashed between Queretaro and Irapuato, according to a telegram from the scene of the fighting received here tonight.

It was said that the Carranza forces after twenty-four hours of fighting were driven some distance to the south, their return to Queretaro being cut off.

Vera Cruz, April 7.—General Obregon today inflicted a serious defeat on the Villa troops between Celaya and Irapuato, on the Mexican Central railroad. It was the first big engagement since the evacuation of Mexico City.

General Obregon in his official report says that Francisco Villa was personally in command of his forces. The fighting continued for some thirty hours, according to the report, and after the retreat of Villa's men more than a thousand of Villa's dead were found on the field. Four hundred prisoners were taken.

Obregon reported to General Carranza that he would continue immediately his advance.

F. HOPKINSON SMITH PASSES IN NEW YORK

New York, April 7.—F. Hopkinson Smith, author and artist, died tonight at his home here at the age of 77.

The genius of Francis Hopkinson Smith manifested itself in many branches of activity. His reputation as an artist was only second to that of an author, while as a practical engineer he won high standing.

Smith's artistic bent developed early and he became the producer of paintings and other art. He was best known as an author, however, and was a prolific writer of novels and short stories.

CLEAN-UP TIME

Spring is "paint-up time" and "clean-up time."

It means work ahead for the householder, but much satisfaction when it is all over.

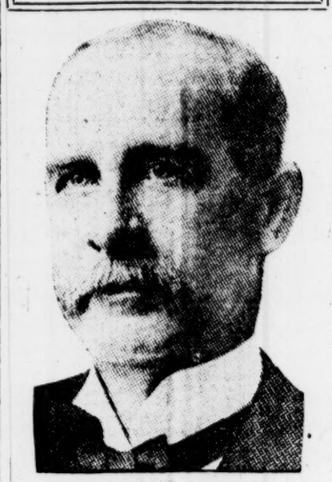
In their planning, readers of The Constitution will find the advertising columns very helpful.

They will guide them to reliable stores selling the best paints and cleansers, and show them how to save time and money.

Perhaps there is a hint here to the enterprising painter as to the best season for advertising.

Honest Advertising is most productive when used in The Atlanta Constitution.

DIED LAST NIGHT



JUDGE JOHN R. WILKINSON.

JUDGE WILKINSON DIED LAST NIGHT

Ordinary of Fulton County Was Thirty-Third Degree Mason and One of Atlanta's Pioneer Citizens.

Judge John R. Wilkinson, for fourteen years ordinary of Fulton county, one of the pioneer citizens of Atlanta and prominently identified with the city's progress, a thirty-third degree Mason and an officer of the Grand Lodge of Georgia, Free and Accepted Masonry, died Wednesday night at 7:25 o'clock at his home, 42 Dixie avenue, Inman Park. He was 58 years of age.

Although he had been in feeble health for several months, Judge Wilkinson's death came as a distinct shock, as he had only been confined to his room since last Saturday. His death was due to Bright's disease, from which he had suffered for several years.

Judge Wilkinson suffered an attack of what was thought grip, about ten days ago, but continued to attend to his official duties as ordinary. The grip passed into what physicians first thought was an affection of the throat. He was thought to be much better Sunday, and told his friends that he would be able to hold court the following Monday.

Grew Worse Monday.

His condition grew worse Monday, and on Tuesday attending physicians announced that his illness was due to Bright's disease and that his condition was critical.

Wednesday his condition became alarming, and Judge Wilkinson was unconscious during the day. Wednesday afternoon the physicians announced that his condition had become hopeless and that he would not live through the night. Death came a few hours later, Judge Wilkinson having never regained consciousness since the early afternoon.

The funeral arrangements will be announced later, pending the arrival of relatives, who were telegraphed Wednesday afternoon of Judge Wilkinson's critical condition.

Judge Wilkinsonn is survived by his wife, two sons, W. B. and Harry Wilkinson; a sister, Mrs. M. C. Daniel, of Quitman, Ga.; three brothers, Mell E. Wilkinson, of Atlanta, president of the Atlanta Chamber of Commerce; T. J. Wilkinson, of Newnan, Ga., and Edward Wilkinson, of Texas, and a number of other relatives.

There was hardly a better known citizen of Atlanta than Judge Wilkinson. He had served fourteen years and three months as ordinary of Fulton county.

Prominent Mason.

He was one of the most prominent Masons in the United States, being one of the highest ranking thirty-thirds of the supreme council of the southern jurisdiction of Scottish Rite Masonry. He was a special deputy for the Scottish Rite in the Atlanta jurisdiction. He had filled scores of offices in the subordinate and grand bodies of York and Scottish rites.

He was a postmaster of Gate City Lodge No. 2, of Atlanta, and a charter member of that organization. At the time of his death he was junior grand warden of the grand lodge of Georgia, having been unanimously elected to that office last October. He had attended the annual sessions of the grand lodge for the past twenty-odd years and had been prominently identified with the work of the craft in the state. He was also a past grand high priest of Royal Arch Masonry in Georgia. He was also grand standardbearer of the grand commandery of Knights Templars of Georgia. He was past high priest of Mt. Zion chapter, of Atlanta; past thrice illustrious master of Jason Burr council, of Atlanta, and past eminent grand commander of Atlanta commandery, Knights Templars of Georgia.

He was one of the founders of Scottish Rite Masonry in the Atlanta jurisdiction. He was not only the special representative for the Atlanta bodies in the supreme council, but had served as venerable master of Hermes Lodge of Perfection No. 4, and as wise master of White Eagle chapter, No. 1, Rose Croix.

Promoter of Temple.

He was one of the promoters of the new Atlanta Masonic temple and was vice president and director of the Masonic Temple company.

His death will bring sorrow to thousands of Masons over Georgia and the United States.

Judge Wilkinson was born in Newnan, Ga., June 20, 1856, a son of the late Mr. and Mrs. U. B. Wilkinson. He received his education in the Newnan schools and Mercer university. He married Miss Annie Wood, of Newnan. He was identified for some time with the banking interests and other business affairs of his father in Newnan, but later moved to Atlanta, where he had lived for the past thirty years, during which time he was actively identified with the political affairs of his city and county and their business development.

COTTON IN CHATTOOGA TO BE CUT ONE-THIRD

Lyerly, Ga., April 7.—(Special.)—The cotton crop in Chattooga county will be cut at least one-third. Never before have the farmers been so far behind with their work. Practically no fertilizers have been bought by the farmers and some say they do not intend to use guano at all. Practically all the ground is yet to be prepared for planting.

PLAYING POLITICS CHARGED TO RYE

C. E. James, of Chattanooga, Issues a Statement in Which He Describes Highway Route He Favors.

Chattanooga, Tenn., April 7.—C. E. James, president of the Dixie Highway association, tonight announced that the association had selected part of the route of the projected road from Chicago to Miami, Fla., and that a call had been issued for two conferences at which it was proposed to determine the location of the remainder of the highway. The first conference is to be held here April 15 and the second at Chicago April 22.

Under the resolution adopted at the governors' conference here Saturday last, location of the entire route was to be determined by a commission of fourteen men, two each to be appointed by the governors of Illinois, Indiana, Ohio, Kentucky, Tennessee, Georgia and Florida. A motion to give a voice in the selection of the route to the seven incorporators of the association, of which James is president, was rejected by the governors' conference.

Governor Has Not Acted.

President James' statement said the association had taken action because the failure of Governor Rye, of Tennessee, to name the commissioners for that state was delaying the project.

"The first section of the Dixie highway is designated by the association as follows:

"Commencing at a point on the Kentucky and Tennessee state line near Albany, Ky.; thence southwardly along the Cumberland plateau passing near Jamestown, Tenn., Crossville, Pikeville and Dunlap, crossing Signal mountain to Chattanooga; thence by Lookout mountain, over Missionary Ridge, through Chickamauga National park to Kingston, Ga.; Cartersville, Marietta, Atlanta and Macon; thence to Jacksonville, Fla.

Mr. James' statement declares that the governor of Tennessee by failure so far to appoint commissioners in accordance with the provisions adopted by the governors' conference here last Saturday is "imperiling" the highway cause by "endeavoring to pledge possible appointees to conditions." The proclamation locates a part of the route, and leaves the decision as to the remainder to two other conferences, one to be held in Chattanooga, April 22, and the other in Chicago, April 15.

Expected Decisive Steps.

The statement follows:

"The Dixie Highway association expected, in calling a meeting at Chattanooga on Saturday, April 3, 1915, at which governors from seven states were asked to be present that decisive steps would be taken in harmony with the enthusiastic response this movement has met with from the seven states they represented. The founders acquiesced and cheerfully agreed to be eliminated so far as this detail was concerned, provided prompt action was taken and the personnel of those selected assured the founders that no political or petty interests would be served and a route agreed upon which would not be swerved by every political issue which might be injected into it.

"I feel in the main that no trouble would arise by following out this plan, but developments in Tennessee have been such that those who have been under this project and responsible for the success of the movement so far have felt that the ultimate success of the Dixie highway demanded heroic treatment, such as is contemplated by the proclamation issued today.

"The governor of Tennessee has failed up to this time to fulfill the mission assigned him, and, instead, through his political advisers has been consuming time and jeopardizing the success of this great movement by an effort to pledge proposed appointees to certain conditions that our organization, as a purely business and untrammeled institution, cannot and will not submit to under any circumstances.

Part of the Route Left Open.

"The exact location of the Dixie highway from Jacksonville to south Florida cities is left open for a conference with representatives from interested Florida towns called to meet at Chattanooga Thursday, April 15, 1915. The route of the Dixie highway from the Kentucky and Tennessee state line north to the Ohio river and thence to a connection with the Lincoln highway is left open pending a conference with delegates from cities interested which is called to meet at the Lasalle hotel, Chicago, at 11 a. m., Thursday, April 22, 1915.

"Connecting roads from Birmingham and Huntsville, Ala., Knoxville and Nashville, Tenn., are being surveyed and these, with roads from other tributary points, will be announced by the Dixie Highway association at a later date."

KILLS LITTLE BROTHER.

Gun Accidentally Fired as Lads Chase Rabbit.

Athens, Ga., April 7.—(Special.)—James Howard, the 6-year-old child of John Howard, living near Athens, was shot and killed instantly by his older brother, a lad of 10, yesterday afternoon. The older boy had seen a rabbit in a field near the house, secured the shotgun, and was running toward the field when the little boy ran ahead excitedly. The gun was accidentally discharged and the child killed instantly.

LEHON TAKES CASE TO SUPREME COURT

Dan S. Lehon, superintendent of the southern offices of the William J. Burns detective organization, has filed an appeal in the United States supreme court at Washington from his conviction in Atlanta for violation of the city ordinance requiring private detectives to be licensed.

This is brought to Atlanta in Associated Press dispatches received Wednesday. Lehon's contention is that the ordinance not only deprived him of constitutional rights, but abridged the constitutional rights of Leo M. Frank, by whose friends Lehon and Burns were employed.

Lehon was arrested during the Burns investigation of the Frank case following an investigation by the police department into the Burns Atlanta office. Others were arrested with him, including Boots Rogers, the ex-county policeman.

German Rover Interns; Eitel's Captain Balks At Dash to High Seas

United States Is Now in Charge of the Kaiser's Commerce Raider Which Has Been at Newport News for a Month.

CERTAIN DESTRUCTION WAITED CREW AND SHIP, ACCORDING TO CAPTAIN

Realizing This, and Failing to Get "Expected Relief," He Decided to Intern the Eitel--Up to Last the Commander Kept Up Appearance of Being Ready for Dash.

MAN ACCIDENTALLY KILLED ON BOARD THE PRINZ EITEL

Newport News, Va., April 7.—A member of the crew of the Prinz Eitel Friedrich was accidentally killed on board the merchant raider today, but his identity and details concerning his death were withheld by Commander Thierichens tonight. A local undertaker was notified and stated that nothing would be made public concerning the matter until tomorrow. Dr. B. R. Gary, the coroner, said he had heard of the accident, but that no official report of the death had reached him. The cruiser is German soil. The sailor is reported to have fallen and fractured his skull while at work.

Newport News, Va., April 7.—Commander Max Thierichens, of the German auxiliary cruiser Prinz Eitel Friedrich, asked the United States government through port authorities here tonight to intern his ship and crew for the war.

Up to the last moment the German skipper kept up the appearance of being ready for a dash to sea, and when the time for decision finally came he explained that failure of "expected relief" to arrive had made it necessary to intern rather than "deliver crew and ship to fruitless and certain destruction by British and French warships waiting off the Virginia capes."

Last Cruise Today.

Tomorrow the commerce raider will make her last cruise of the war. She will be taken to the Norfolk navy yard across Hampton Roads from the ship yard here, where she has been laid up since limping into port on March 10, after the remarkable commerce destroying voyage from the Orient, during which she sent the American ship William P. Frye to the bottom.

Commander Thierichens notified the Washington government through Collector of Customs Hamilton shortly after 7 o'clock tonight of his decision to intern.

The German captain delivered his announcement in writing when Collector Hamilton boarded the Eitel Friedrich with an imperative notice from the Washington government that the time for his stay in this port would expire at midnight tonight and that he must leave American waters by 4 o'clock in the morning of April 8. Before the customs collector had a chance to deliver the message from Washington Commander Thierichens handed to him the written announcement of his decision.

Embargo Lifted on Merchant Ships.

Determination of the German commander to intern his ship immediately operated to lift the American embargo against merchant ships of allied European nations leaving this port.

More than a score of British merchant vessels which had been cleared but held up was immediately permitted to leave port and customs houses at Newport News and Norfolk were kept open until 10:30 o'clock tonight issuing clearances. Captains of British merchant ships clamored for clearances about the customs offices and scores of ships were sailing for the capes long before midnight.

Actual interment of the Prinz Eitel, it was arranged in conferences between Rear Admiral Beatty, commandant of the Norfolk navy yard, Rear Admiral Helm, of the battleship Alabama, and Collector Hamilton, would be accomplished tomorrow, the sea raider to be taken to the Norfolk navy yard at Portsmouth, Va., tomorrow. There breech blocks of her guns will be removed and connecting rod of her engines will be detached.

Statement by Eitel's Captain.

Collector Hamilton received final instructions from the Washington government late today. When he reached the Eitel Friedrich, he found Captain Thierichens awaiting him. The German officer did not wait to hear the message from Washington, but handed to him a sealed envelope containing his announcement. The letter was as follows:

"I inform you I intend to intern S. M. S. Prinz Eitel Friedrich. The relief I expected appears not to arrive in time, so the number and force of the enemy cruisers watching the entrance of the bay makes to me impossible the dash for the open sea with any hope of success. I have decided not to deliver crew and ship to fruitless and certain destruction. Being obliged for the courtesy shown by all United States authorities, I am expecting your orders. I have sent the same information to Rear Admiral Helm, U. S. S. Alabama. Respectfully,

"THIERICHENS."

Officers and Crew Downcast.

While Collector Hamilton read the announcement which he immediately transmitted to Assistant Secretary of

SMASHING BLOWS DEALT BY ALLIES AT TEUTON LINES IN EAST AND WEST

Russians Continue to Gain in the Carpathians and Have Fought Their Way to the Hungarian Side.

London, April 7.—The Carpathians in the east and the hilly country between the Rivers Meuse and Moselle in France continue to be scenes of sanguinary engagements, but little or no news is forthcoming of the progress of the battles.

Except in the Uzsok pass in the Carpathians, where the Austrians, assisted by Germans, are offering stubborn resistance, the Russians are said to have crossed the first range of mountains, and can look down the southern slopes toward the plains of Hungary. It is asserted that part of the army which has crossed the mountains is maneuvering to get behind the Austro-Germans holding the Uzsok pass.

The Austrians admit that things are going bad and are anxiously awaiting German reinforcements, being hurried to their aid.

The Austrians also are fighting in Bukowina, but this is a secondary operation. The engagements in progress in northern Poland, where the Russians are trying to push back the Germans into East Prussia, also appear to be unimportant.

FRENCH DRIVE AT GERMANS.

Between the Meuse and Moselle, the French, like their eastern ally, are on the offensive, attempting to force the Germans to give up St. Mihiel. The German official report claims all French attacks were repulsed, but a semi-official statement from Berlin says that according to "a prearranged plan the German outposts retreated from Regnieville and Fey-en-Haye." The French some time ago reported the capture of the towns and claims to have made almost daily progress since then.

The Belgians have regained a bit of ground they lost in Flanders, but elsewhere there has been no change in the west.

Although no announcement has been made, the general expectation in military circles here is that a combined land and sea attack on the Dardanelles will begin shortly and that at the same time the Russians, now apparently in command in the Black sea, will bombard the Bosphorus forts.

In Africa General Botha's Union of South Africa forces continue their victorious march along the railways, but thus far have not overtaken the main German army, which it is thought here is trying to draw the old Boer general as far from his base as possible before making a stand.

RUSSIANS GAIN IN CARPATHIANS.

Petrograd, April 7.—(Via London.)—The following official communication was issued tonight:

"In the Carpathians, despite counter attacks by the enemy, who has obtained large reinforcements detached from the German and Austrian armies, our offensive continues between the River Topila and the region in the direction of the Uzsok pass.

"All summits of the principal chain of the Beskid mountains, west of the region of the villages of Ustzzyki Gornia, are in our hands and our troops are capturing in succession the southern spurs.

"On April 5 we took about 2,900 prisoners and three guns and several machine guns.

"In the other sectors along our front there is no essential change. Collisions of secondary importance and fusillades have continued."

An additional official statement issued tonight says:

"The German attacks in the region of Rosicuvka and Rozanka ceased March 27, after eight weeks of continued fruitless attempts to take the

Russian positions by assault. The Germans suffered enormous losses.

"A German sea plane was sunk off Libau April 6, after it had dropped bombs on the city. The aviators were rescued and made prisoners."

GAINS HELD BY FRENCH.

Paris, April 7.—The official war office statement tonight said:

"The very unfavorable weather continues. Nevertheless activity has been pronounced between the Meuse and the Moselle, where we have maintained all our gains and made further advances.

"Near Pareid, east of Verdun, we have taken two lines of trenches. On Tuesday night at Eparges we made an important advance.

"All today the Germans were engaged in violent counter attacks, but they regained nothing. Their last attack was particularly fierce, but they were mowed down by our fire.

"The same thing occurred in Ailly woods; after several counter attacks, all of which were repulsed, we remained masters of the positions which we gained yesterday. On this part of the front we captured numerous prisoners.

"Among the prisoners taken yesterday in the region of Hartmannsweilerkopf were men of the guard brought into this region by the Germans after their defeat of March 26."

The communication issued in the afternoon follows:

"A German detachment with three machine guns succeeded in crossing to the left bank of the Ysey, south of Driel-Grachten. It was attacked yesterday and dislodged by Belgian forces.

"An attack by us in the vicinity of Etain rendered us masters of Hills No. 19 and No. 221, in addition to the Haut Bois and the Hopital farms.

"In the Fan-de-Sapt we mined and maintained our advances, at the same time taking sixty prisoners, including three officers.

"Near Pareid, east of Verdun, we have taken two lines of trenches. On Tuesday night at Eparges we made an important advance.

"In the Ban-de-Spat we mined and blew up a German position."

FRENCH FAIL, BERLIN CLAIMS.

Berlin, April 7.—(Via London.)—German headquarters has issued the following description of the fighting in France between the Rivers Meuse and Moselle:

"When the enemy's infantry began to deploy, the German outposts retreated, according to a prearranged plan, from Regnieville and Fey-en-Haye to their main position on Easter Monday.

"The French attack against the southern front, at first to the north of Toul and then in the forest of Le Prêtre, began simultaneously with attacks against our north wing south of the Orne and between Eparges and Combres, but the French nowhere were successful, they being everywhere thrown back.

"The severest fighting took place between the Meuse and Apremont where, in the wooded country, the French were able to approach close to the German positions, but were received with an annihilating fire at short range.

"The Germans served their guns with tremendous effect, and in a short time the French reserves were in full flight, while their rifle attack broke down under our infantry fire.

"On April 6 we observed the French piling hundreds of dead in front of their positions.

"The same day French attacks in the forest of Le Prêtre and near Flirey failed. So far the French only have to record fresh failures on the ground which has been the scene of repeated struggles, but it seems their attacks are not yet at an end."

AVIATORS CHASE GERMAN TROOP TRAIN.

Geneva, Switzerland, April 7.—(Via Paris.)—Two French aviators pursued a German military train yesterday from Marbach to Villingen, in the Black forest, damaged the railway and stations along the line and dropped bombs on Muselheim and Neubourg.

A French biplane, pursued by German aviators, lost its way in the mist last night and landed near Poremtruy, Switzerland. The two men aboard will be interned.

BRITONS INVADE GERMAN AFRICA.

Cape Town, Union of South Africa, April 7.—(Via London.)—It was announced officially here today that troops of the Union of South Africa have occupied without opposition the railway stations at Kalkfontein and Kanus, German southwest Africa. This follows the capture of Warmbad, twenty miles north of the Orange river, which was announced yesterday.

RUSSIANS TAKEN BY AUSTRIANS.

Vienna, April 7.—(Via London.)—The following official communication was issued this evening:

"Fighting continues on the Carpathian front.

"An additional 320 Russian prisoners were captured on the heights east of the Laboreza valley. We also took two guns and seven machine guns and much war material, including 5,000 rifles.

"In southeast Galicia only local artillery duels have taken place.

"In West Galicia and in Russian Poland there is no change.

"In the southern theater we have bombarded Belgrade (Serbia) as a reprisal for the shelling on Tuesday of the open town of Orsova (southeast Hungary)."

AUSTRIANS SHELL SERBIAN TOWNS.

Nish, April 8.—(Via London, April 8, 12:14 a. m.)—The Austro-Hungarian artillery yesterday bombarded Serbian towns on the Danube and the Save. Twenty-eight projectiles fell in the central quarter of Belgrade, killing three persons and wounding six.

The Serbian artillery shelled the Austro-Hungarian positions, but advoided shelling the towns on the Austro-Hungarian banks of the rivers, which are inhabited exclusively by Serbians.

Beach and Miss Lillian Duke.

ALLEGED MOONSHINERS WIN IN U. S. COURT

To alleged moonshiners, tried in the federal district court Wednesday, were freed by Attorney William Searcy, of Griffin. The men tried were Ed Simpson, a negro of Spalding county, and James R. Head, of the same county.

The revenue officers testified that the men were caught within 250 yards of a still and close to Head's home. The men had no attorney and the court appointed Mr. Searcy to represent them. In five minutes the jury rendered a verdict of "not guilty" in both cases.

DAUGHTER IS BORN TO CROWN PRINCESS

Berlin, April 7.—(Via London.)—Crown Princess Cecilie today gave birth to a daughter. Mother and child are doing well.

The crown princess, a daughter of the late Friedrich Franz III., of Mecklenburg-Schwerin, married Frederick William in June, 1905. They now have five children.

GERMAN ROVER EITEL HAS BEEN INTERNED

Continued From Page One.

the Treasury Peters at Washington, there was a spirit of gloom peovading the commander's cabin which spread all over the ship. Officers and crew appeared to be downcast. Commander Thierichens, himself, declared that the action he had been forced to take made him sick, that he was heartbroken to be compelled to resort to such a step. Unofficially he stated that he had never intended to intern if it were possible to prevent it, that he had hoped for the arrival of German forces to do battle with the British and French warships off the American coast and thus clear the way for his return to the open sea.

"I would like to have gone to sea myself," Commander Thierichens declared. "I would not hesitate to go, but I had to think first of my men." The German commander was much depressed as he delivered his message. In fact, he said that the course he was compelled to pursue had much disturbed his peace of mind and strength of body. But he had bowed to the inevitable because of the futility of coping with the superior naval force of the enemy at the Virginia capes.

News Sent to Washington.

As soon as Collector Hamilton had received the decision of Commandor Thierichens he dispatched it to Washington, and also notified Rear Admiral Beatty. The latter notified Rear Admiral Helm on board the battleship Alabama, which was guarding the channel to the sea, to prevent departure of the Prinz Eitel Friedrich from this port after midnight tonight. Arrangements were made for later conferences as to procedure with internment of the German ship.

The decision of Commander Thierichens to intern came at the close of a day filled with mysterious developments. Up to the last few hours of grace, the German captain had not said a word to Washington officials about internment. He had coaled and provisioned his ship. Repairs to her boilers had been made and everything was prepared for a dash to the sea.

German warships and auxiliaries had been expected to arrive to aid the Eitel Fredrich. Just what these plans were which did not materialize could not be learned. The commander is said to have declared, however, that the reported approach of the German cruiser Von Der Tann with submarines, was not a part of the plans of the German government for his relief.

The Terms of Washington.

The decision of the Washington government as to the length of time extended the Eitel Fredrich to remain in American neutral waters was reached March 29. From these terms the government never deviated. They were delivered to Commander Thierichens on that date in a letter written by Collector of Customs Hamilton, which was as follows:

"Norfolk, Va., March 29, 1915: The commander, S. M. S. Prinz Eitel Fredrich, Sir: Further governing the stay of S. M. S. Prinz Eitel Friedrich in the territorial waters of the United States, I have, in compliance with instructions from my department, to advise you as follows:

"The department of state has received from the navy department the report of the board of naval officers who made an examination of S. M. S. Prinz Eitel Friedrich, now in this harbor, with a view to ascertaining the repairs necessary to put the vessel in a thoroughly seaworthy condition, and from this report it appears that the time required for these repairs will be a period of fourteen working days. The government has concluded, therefore, that S. M. S. Prinz Eitel Friedrich will be allowed until midnight of the close of the sixth day of April next to complete her repairs, and that she will be allowed 24 hours in addition, or until midnight of the seventh day of April, to leave the territorial waters of the United States, or, failing this, that she will be under the necessity of accepting internment within American jurisdiction during the continuance of the wars in which your country is now engaged.

"This information will, of course, be held in the strictest confidence, it having been imparted only to yourself in this letter and by the honorable secretary of state to his excellency, the German ambassador at Washington.

"With renewed assurances of my highest consideration.

"NORMAN R. HALMILTON,
"Collector."

The Letter to German Captain.

The letter which Collector Hamilton carried to the German commander tonight was as follows:

"April 7.—Commander S. M. S. Prinz Eitel Fredrich, Sir: By direction of my department, I have to advise you that if the Prinz Eitel Friedrich departs from this port by 12 o'clock midnight of this day, April 7, 1915, which is the time limit prescribed by the government of the United States in which she must depart or otherwise be under the necessity of accepting internment within American jurisdiction during the continuance of the war in which your country is now engaged, it will be necessary for her to depart from the territorial waters of the United States by 4 a. m. o'clock, April 8, 1915.

"This is imperative.

"NORMAN R. HALMILTON,
"Collector."

Naval patrol of the Newport News ship building, where the Eitel Fredrich still is moored, continued tonight and will remain in force until the cruiser is taken to the Norfolk navy yard. Late today the German raider hoisted all her colors. The ship was dressed. Her whistle was blown and her funnels sputtered heavy columns of black smoke. The stern of the ship was pulled away from her pier while small boats were raised to the decks and she appeared to be making ready for actual departure. But a few hours later, the scene was shifted and gayety aboard the vessel gave way to gloom.

OFFICIALS EXPECTED RAIDER TO INTERNE.

Washington, April 7.—Treasury and navy department officials were not surprised to learn tonight that the captain of the German cruiser Prinz Eitel Friedrich had announced his intention to intern at Newport News.

Examination of the ship's engines by naval officers soon after she steamed through the capes showed that it would require at least three months to put her in condition to make a race with the warships the allies had put on watch.

After the naval officers decided that three weeks was sufficient to make the vessel seaworthy, there was little doubt that their verdict ended the Eitel's spectacular war career.

The fact that the Eitel took on coal and provisions and appeared about to start on a voyage interested officials here, but most of those familiar with the facts declined to be impressed with the idea that she would attempt a dash to sea. The last lingering suspicion that she might prove them all wrong seemed to be dispelled last Saturday, when for more than ten hours Hampton Roads and the capes were shrouded in a snowstorm that made objects a half mile away undiscernible. When the Eitel failed to take advantage of that opportunity there was little doubt in official circles that she would become the guest of the United States.

German embassy officials tonight declined to discuss the internment and would not talk about that part of Captain Thierichens' message hinting of assistance he expected from the outside. Reports were revived here tonight of the story of the escape of the German battle cruiser Von Ded Tan from the cordon of the allies and it was pointed out that she might be the mysterious aid Captain Thierichens had expected off the capes.

The Eitel will be placed in the custody of the United States navy and interned at Norfolk navy yard.

Conductor Stops Train So Minister Can Chase Thief Who Stole Derby

Douglas, Ga., April 7.—(Special.)—Red Walker, wanting a derby hat, sat near Rev. L. P. Williams, a Freewill Baptist preacher, who had filled his appointments here and was going home to Fitzgerald. As the train moved with increasing speed, Red snatched the parson's hat and skipped. The kind conductor stopped the train and the hatless preacher pursued, but failed to catch Red, who, unless overhauled by the officer with a warrant issued for his arrest, still wears the parson's derby. Both are colored.

EASTER EGG HUNT ENJOYED BY TOTS AT CHILD'S HOME

More than one hundred visitors registered Wednesday at the Atlanta Child's Home and saw the thirty children of the institution enjoy an Easter egg hunt in the grove around the new building. The hunt was given the children by Circle No. 7, of which Mrs. F. P. Gaffney is chairman, and the visitors pronounced it one of the most delightful experiences they had had this season. Tea was served the visitors at the new home, which was lavishly decorated with jonquils, pear blossoms and green foliage.

The new home will be open during this week to all friends in Atlanta interested in the institution and circle No. 7, Mrs. John L. Tye, chairman, will entertain today.

The home will be officially dedicated with special ceremonies Sunday afternoon at 3 o'clock and a cordial invitation extended to the general public.

COMMISSION TO AID HOLMES INSTITUTE

Assurance that the county commissioners will lend aid to the Holmes institute, a charitable and industrial training school for negroes, was given B. R. Holmes, president of the institution, when he made an address before the county board at the April meeting Wednesday.

Holmes stated the object of the school is to equip each student with a useful trade and to train his moral and mental self. He declared that such an institution would mean more to lessen crime in Atlanta than any other medium. At present, he said, the school is in need of funds.

"Fulton county," he said, "can make no better investment than to give each poor negro child a valuable education that will put him into some helpful profession when his training is finished."

KILLED BY CRANKING MOTOR WHEN IN GEAR

Valdosta, Ga., April 7.—(Special.)—J. A. McClinton, of Springvale, Fla., died here today as the result of injuries received when he was run over by his automobile as he cranked it.

Unknown to him, the car was in gear, and as he threw on the power, the car dashed into him, forcing his body up against an obstruction and inflicting fatal internal injuries.

He was rushed to a hospital in this city for treatment. His body was shipped to relatives at Fort White, Fla.

REV. H. E. HARDMAN DIES IN COMMERCE HOSPITAL

Commerce, Ga., April 7.—(Special.)—Rev. H. E. Hardman, son of the late Rev. W. B. J. Hardman and brother of Dr. L. G. Hardman, died at the sanitarium in this city this afternoon at 6 o'clock, after an illness of several months' duration.

For a quarter of a century or more his life's work has been given to groups of Baptist churches within the four counties contiguous to this city and the death of no man in this section would have been more generally regretted.

The interment will be made tomorrow afternoon at 3 o'clock with religious services at Madison Street church, of which he was pastor.

FINAL TRIBUTE PAID MRS. J. F. BONNELL

Emory College, Oxford, Ga., April 7.—(Special.)—Mrs. John F. Bonnell was laid to rest today in the local cemetery. The services were conducted by President Dickey, of Emory, who paid beautiful tribute to "Miss Belle," the friend of all. A vast number of telegrams and floral offerings came from the Emory "boys" of the last forty years and other friends of the family.

MINER AT CEDARTOWN IS CRUSHED TO DEATH

Cedartown, Ga., April 7.—(Special.)—Marvin White, about 22 years old, was killed while at work in an iron mine near this city about 2 o'clock this afternoon. He was working in a cut underneath some overhanging rock which caved in on him, crushing his weight. He died a short after he was carried to his home.

400 S. S. WORKERS MET WEDNESDAY AT FIRST BAPTIST

The training school of Sunday school workers at the First Baptist church last night reached its record registration of 400 students, eighty-three new students being added at the session.

The school is being conducted every evening from 5 o'clock to 9:15, and is meeting with marked success. Its students are not limited to the Baptist church, but there are many of other denominations.

Free supper is served at 7 o'clock so that Sunday school workers may find it convenient to come to the school direct from their daily work.

GOVERNOR ANSWERS LEE COUNTY SHERIFF

Explains the Conditions Under Which He Is Allowed to Offer Rewards for Slayers.

Answering the recently published letter of Sheriff D. R. Moreland, of Lee county, which took exception with the governor for not having offered a reward for the capture of the assassins of A. D. Oliver, Governor Slaton on Wednesday wrote to Sheriff Moreland explaining the conditions under which a reward may be offered by the state and why he had not before offered the reward.

The letter is in part as follows:

The appropriation made for rewards is only $3,000. It is the intention of the law that only in extraordinary cases shall any reward be offered. The right to offer a reward is based upon the inability of the officers of the law to apprehend the criminal. So long as it is within the power of the sheriff and his deputies to capture the criminal, the governor cannot pay out the state's funds for this purpose.

Therefore, in conformity with custom, I wrote to inquire whether you advised that I offer a reward in this instance. In other cases the law officers have written to me that no good would be accomplished by offering a reward. Oftentimes the sheriff wishes none offered because it would interfere with his plans for obtaining the evidence to convict. If the governor acted upon the recommendation of private parties, he would often be forced to pay out the limited funds of the state appropriated for the purpose when the criminal was already apprehended or his location known.

The good name of the state required that it be understood that Georgia would not permit the assassination of any man without exhausting every reasonable effort to convict the offenders.

Therefore I wrote to you with the intent to publish your letter and to show that you and I were acting in concert in the performance of our duty to enforce the law.

The course pursued is in conformity with the universal custom of this office regarding the offering of rewards, and it has been the wise and proper custom of every governor of whose conduct I was informed.

I should have regarded it as a reflection upon you not to have asked your advice and until I had learned from you that you as a law officer were unable to apprehend the criminals to have exercised my authority in offering the state's money for the capture of the malefactors.

In conformity with your request, I have offered a reward of $250 each for the apprehension and conviction of the first two who may have been engaged in the murder.

BRICK PAVEMENT VETO EXPECTED

If Mayor Takes Expected Step Second Ward Delegation Will Make Effort to Override His Action.

Developments Wednesday led to the belief that Mayor Woodward by exercising his executive veto will keep South Pryor street "in the mud" for another season. The resolution of Councilman C. D. Knight, of the second ward, was passed by council Monday and will be up to the aldermanic board this afternoon. Alderman C. H. Kelley, of the second, says he has positive assurance that it will be adopted by that body.

The next step will be for the resolution to be approved or disapproved by the mayor, and some of his friends say he will veto the measure. In the event the resolution is returned with his veto, the second warders declare they will attempt to have it overridden.

Mayor Is Non-Committal.

The mayor is non-committal on the subject. It is known that some of his friends in council who voted against the measure have urged him to sign the resolution after it passes the aldermanic board, in order that the matter may be settled.

On the other hand, some members say they will never favor the resolution on the ground that it means a free pavement for South Pryor, which, if correct, is contrary to the city laws.

"It is true the assessment is not made against the abutting property in the usual order, but it is not a free pavement, for there are other considerations," declared Councilman J. L. McCord, of the second ward, Wednesday.

"The mayor may hold up the work for some time to satisfy his personal venom, but there will not be a concrete pavement laid on South Pryor. We have made every financial provision for brick and brick we will have. I do not believe the mayor will veto the resolution of Councilman Knight when it is sent to him for his signature."

Studies Concrete Pavement.

Chairman J. N. Renfroe, of the street committee, has been making a study of concrete pavement and has secured information from several cities where it has been in use. He argues that it is the best pavement and is much cheaper than brick and will advocate its use on several Atlanta streets.

Some time ago Chairman Renfroe and other members of the street committee visited Macon, where concrete streets have been in service several years and he was highly pleased with them. A test was made of a concrete street on a heavy grade in Macon while the Atlanta delegation was there and they say a team made the grade with a heavy load and without difficulty.

The second warders are desirous of having South Pryor paved as early as possible so as to have it in readiness for traffic during the Southeastern fair at Lakewood next fall. They say the bulk of travel to Lakewood will be via that section of the street over which there has been so much controversy, and it is important that a first-class pavement be laid.

LIFE OF CRISP SHERIFF IS SAVED BY HIS WIFE

Gets Drop on Negro Who Overpowered Husband—Four Convicts Get Away.

Cordele, Ga., April 7.—(Special.)—After Sheriff John Ward, of Crisp county, had been overpowered and his revolver taken from him by a negro prisoner, Lon Hollis, and six other negroes had escaped, the officer's wife pluckily defended her husband, threw a revolver in the face of Hollis and made him drop the officer's weapon before he had an opportunity to use it. The sheriff and prisoner had fought for probably ten minutes before his wife secured a revolver and went to his rescue.

It was one of the boldest jail deliveries ever attempted in this section. The sheriff had gone into the jail to give the negroes their breakfast. He unlocked the cell door of Hollis and the burly negro, out-matching him in strength, grabbed his pistol hand and eventually took the weapon from him. In the meantime, the other negroes bolted from the corridor and escaped.

Charlie Wade, probably the most desperate prisoner, under sentence of seven years for arson, dashed into the dining room in the apartment occupied by the sheriff and family. Mrs. Ward attempted to prevent his escape, blocking the door with her body. The negro lifted a chair as if to strike her, but Mrs. Ward appeared so cool and determined that he was unnerved and dropped the chair at her command. She was unarmed at the time, however, and the negro bolted past her, knocking her aside and almost carrying her off her feet.

Wade and George Hill were later captured by citizens and again lodged in jail. The four others, who escaped are Bob Ray, Walter Snell, Charlie Morris and Will Burke, all charged with misdemeanor offenses. The negroes had evidently conspired together to escape. Hollis was locked in his cell when Sheriff Ward regained his revolver. Officers and other citizens in automobiles were in hot pursuit of several of the escapes this afternoon.

THIEF CALLS FIREMEN TO EXTINGUISH BLAZE

After ransacking the home of Joe Jacobs, 374 Central avenue, and accidentally setting it on fire, a thoughtful burglar last night at midnight phoned fire headquarters and departed with his loot as the department arrived and extinguished the fire before serious damage was done. It is believed the fire started when the burglar was exploring a linen closet with the aid of a burning match.

Captain of Police Terry, in making an investigation, learned that the Jacobs family was away for the night and they had not been located at an early hour this morning. The amount of the booty taken by the burglar is not known. He entered the house by prying open a window at the rear of the house.

The burglar, who entered the home of Mrs. F. P. Elben, 115 Washington street, last night at 10 o'clock beat a hasty retreat, carrying part of a lace curtain, when a boarder fired three shots at him. A noise was heard and the boarder, procuring his revolver, began an investigation and found the burglar in the parlor. No articles were found to be missing.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work. Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, lifeless hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

JOE JACKSON WHIPS SHERIFF IN ATLANTA

Joe Jefferson Jackson, of Joe Birmingham's Cleveland club and one of the world's greatest baseball sluggers, proved in Atlanta, Tuesday, that he is also an adept in the Jesse Willard art of pugilism.

Jackson whipped a deputy sheriff from his home town, Greenville, S. C., who had served him with a warrant sworn out by Jackson's wife, of Greenville, which made it necessary for Joe to return to Greenville.

The pair were on the way to catch a train to Greenville, when the deputy became somewhat impudent, according to Jackson, who then proceeded to give the officer of the law a good fist-beating. Jackson then disappeared and eluded Chief Beavers' bluecoats until later in the day, when, alone, he caught a train for Greenville. There he gave bond on his wife's charges, which were of a personal nature.

Jackson returned to Atlanta Wednesday and left during the afternoon for Chattanooga, Tenn., to join the Clevelanders.

OUR COAST DEFENSE

In these modern days of heavy armament and scientific war equipment, much thought has been given to our coast defense. The question of preparedness is one that concerns all patriotic Americans, for it is is always the unexpected attack that causes consternation.

This is also true in matters pertaining to health. That great enemy of health—Stomach trouble—may spring an unexpected attack at any time, and it is well to be prepared by always keeping a bottle of Hostetter's Stomach Bitters in the house. It is your bulwark in time of distress.

Be on guard at all times, and as soon as you notice the appetite failing, digestion becoming impaired, the liver inactive and the bowels refuse to perform their daily functions, commence taking the Bitters. Prompt action, together with the aid of this medicine, has been the means of preventing much suffering from Sick Headache, Nausea, Poor Appetite, Indigestion, Constipation and Biliousness.

Don't trifle with your health, but rather help Nature when weakness is manifested. Hostetter's Stomach Bitters is Nature's ally, and these, together, form a combination that is sure to result to your welfare. Try it today, but be sure you get Hostetter's.

AT THE THEATERS

"A Pair of Sixes."

(At the Atlanta.)

Tonight one of the funniest farce comedies of the year will open at the Atlanta. It is "A Pair of Sixes," and it will be here tonight, Friday and Saturday, with a Saturday matinee. Of it The Birmingham Age-Herald says: "Heralded as one of the funniest farce comedies of today, 'A Pair of Sixes' opened last night with Oscar Figman in the leading role and a cast of unusual excellence. It proved one of the most enjoyable attractions of the season. The laughter began when the curtain rose and continued through the three acts, many of the situations being uproariously funny." Another critic says: "A Pair of Sixes" at poker is a losing hand, but on the stage is a winning show. In the show down it is one of the best comedies of the season, clean, original and presented by an exceptionally competent company." That is the kind of comment received wherever the show has been presented and Atlantans may be sure of fine entertainment tonight and the remaining performances.

Mme. Pavlowa.

(At the Atlanta.)

This morning seats will be placed on sale at the Atlanta for the engagement of Mme. Pavlowa and her fine company of Russian dancers who will appear for one performance only Monday. The program arranged for the incomparable Pavlowa, is of intense interest, including "Puppen-Fee" or "The Fairy Doll," in two acts of exquisite beauty, and a number of other dancing numbers of sensational interest. The entertainment will be complete and will give glimpses of the modern dances, as only Pavlowa can do them, as well as the classical features. The demand for seats is expected to be unusual, as the mail requests exceed those of any attraction this season.

Keith Vaudeville.

(At the Forsyth.)

Harry Beresford's presentation at the Forsyth theater this week of "Twenty Odd Years," mounted with special scenery and effects, is the most delightful human interest playlet of years. He is supported by an excellent company. Alberta Moore and Myrtle Young have brought to Atlanta some of the season's newest and most original songs and dances, not to mention most dazzling frocks. George Felix and the Barry sisters are a whirlwind of song and tomfoolery. The six American dancers offer a terpsichorean novelty that will linger. Joe Boganny and troupe in "The Lunatic Bakers" close the show with a riot of fun, and the musical MacLaurens open it with an offering that has a wealth of good song, music and dancing.

BAND FROM DAHLONEGA CALLS OFF ENGAGEMENT

The engagement of the North Georgia Agricultural college band to play at the Atlanta theater Wednesday evening was called off at the last moment. As yet no further date has been arranged for the appearance here of this group of college boys. During their brief stop in the city they were the guests of the Kimball house.

Calhoun-Witham Wedding Brilliant Social Event

The marriage of Miss Harriett Calhoun and Mr. W. Stewart Witham took place last evening at the Central Presbyterian church, Rev. Dunbar Ogden officiating. The ceremony was witnessed by a large assemblage of relatives and friends, and the bride was given in marriage by her brother, Dr. Phinizy Calhoun.

Mr. Floyd McRae, Jr., was best man, and the bride's two cousins, Miss Marian Phinizy, of Augusta, and Miss Martha Phinizy, of Athens, were maids of honor. Miss Passie May Ottley was first bridesmaid, and the other bridesmaids were Misses Margaret Grant, Catherine Ellis, Bessie Jones, Louise Broyles, Esther Smith and Marjorie Brown. The groomsmen were: Ralph Ragan, Bowie Martin, James Harris, Hubbard Allen, J. D. Osborne, Charles Cox, Baxter Jackson, of Nashville, and Claiborne Glover, of Columbia, S. C.

The ushers who preceded the bridal party entering the church were E. A. Alfriend, W. H. Kiser, Doughty Manly, R. T. Dorsey, Jr., J. G. Oglesby, Jr., Dr. W. P. Nicolson, Albert Howell and Alexander King.

The attendants formed a half-circle around the bride and groom as the impressive service was performed, an organ solo of appropriate sweetness accompanying the benediction. Roses and lilies showed in the bank of living green within the chancel, and the color note of the soft tinted hydrangea prevailed in the mass of plants at the base of the palms.

The Bride's Gown.

Following the church ceremony the bridal party, relatives and friends were entertained at a brilliant reception at the home of the bride's mother, Mrs. A. W. Calhoun. The bride and groom, with their attendants, formed the receiving party in the drawing room on the right of the entrance hall. The bride was distinguished in her beauty, the white tulle veil framing her face and held by a chaplet of orange blossoms, accentuating her brunette coloring. Her gown of white satin was veiled in Brussels lace draped in artistic fashion. A court train hung from her shoulders, and she carried a branch bouquet of white orchids and lilies. Her only jewel was a bracelet of diamonds, the gift of the groom.

The maids of honor wore hydrangea blue tulle gowns ruffled to the waist, defined in old fashion. Garlands of roses trimmed them. The bridesmaids wore hydrangea rose-colored tulle gowns, trimmed in garlands of roses, and made in picturesque fashion. They carried roses in softest hue, tied with ribbon of the corresponding shade in blue.

The Hydrangea Color.

The soft notes of the hydrangea in rose and blue prevailed in the decorations throughout the house, which carried harmoniously in the scheme the growing Dorothy Perkins roses, and orchids and bridal lilies.

The mirror in the main hallway had its frame almost hidden by the vine of the roses, studded with blooms, the wayward sprays caught here and there by love knots of blue ribbon. Bowls of roses were at the base. The same decorative effect showed in the drawing room, the mirrors there and in the dining room partially veiled in asparagus fern and framed by the reaching vines clustered with roses.

The bride's table was a marvel of flowers and artistic arrangement. An Australian tree fern at each end of the table threw out their branches of delicate foliage, almost meeting across it. Underneath was an arrangement of flowers that carried the vine, with its growing pink roses, through a veritable little garden of orchids, of the thick clustered blossoms of the variegated hydrangea, and valley lilies rising in shower effect near the edges. There were love-knots still of the blue ribbon, and the lace candle shades, softening the lights of eight silver candlesticks, were embroidered in roses tied with blue knots.

The Details.

The candles were in flower design in orchids and roses and lilies, and the tiny boxes holding the wedding cake were in palest blue and silver. The place cards bore the bride's monogram in silver, and the maids and bridesmaids she presented little gold purses. The groom presented his groomsmen and ushers with gold penknives accompanied by the good luck pennies. The bride's cake was in white and silver surmounted by a basket of spun candy ornate with valley lilies, and was on a table near her.

The loving cup, from which the bride's health was drunk, wasting gift of the group of young women who traveled abroad with her the year she left school. The delicious supper was served the bridal party in the dining room, the same was served the guests, buffet style, in the library, hallway and broad porches inclosed for the occasion. Everywhere there seemed to grow the Dorothy Perkins rose, not only within the hospitable home, but without on the porches, and elegance and marked taste characterized every detail of the wedding.

Mrs. Calhoun, the bride's mother, was handsomely gowned in black satin with trimmings of tulle and rose point lace.

Mrs. Witham, the groom's mother, wore white satin richly brocaded in silver, and she carried lilies and violets.

The groom's sister, Mrs. R. T. Dorsey, Jr., the bride's sister, Mrs. J. G. Oglesby, and her sisters-in-law, Mrs. Phinizy Calhoun and Mrs. Andrew Calhoun, were a handsome group wearing white evening gowns, and assisted in the entertainment of the guests.

Among the countless superb silver articles received by the bride was a silver service which had belonged to her grandmother, Harriett Hayes Bowdre, for whom she was named.

The bride, in her beauty, lovable character and sweetness, has been as beloved as she has been admired socially, while the groom is one of the best-known and most highly esteemed of Atlanta's younger citizens.

Mr. Witham and his bride left on the evening train for the east, to be at home on their return with the bride's mother.

Among the members of the family from a distance were Mr. and Mrs. Billups Phinizy, of Athens, and Mr. and Mrs. Charles Phinizy, Mr. Leonard Phinizy, of Augusta, and Mr. Steward Phinizy, Mr. and Mrs. Leon Dure, of Macon, and Miss Martina Burke, Mr. and Mrs. W. O. Jones. Mrs. R. L. Condon, of Louisville, a beautiful visitor to the wedding, wore a white satin gown, with tunic draperies of black lace, the corsage finished with a girdle of coral color.

Mrs. W. O. Jones wore a green satin gown embroidered in silver and carried a bouquet of violets and valley lilies. Miss Joan Ohl, of New York and Washington, was lovely in a pale blue satin gown brocaded in silver. Miss Martina Burke wore a white satin and tulle gown, and Miss Josephine Stoney, who sat at the bride's table, wore a becoming toilet in white satin and tulle.

Stocks-Weatherly.

Mr. Francis Stocks announces the marriage of his daughter, Frances, to Mr. Alvis S. Weatherly, the wedding having taken place yesterday morning at 10 o'clock at the residence of the bride's father. The relatives and intimate friends of the young people witnessed the ceremony. Mr. Weatherly and his bride left at noon for a trip north, and will be at home after April 21 at 820 Thirtieth street, Birmingham, Alabama.

The bride is a pretty and accomplished young woman and the groom has a responsible position with the Southern Railway company.

Mrs. William Hurd Hillyer, sister of the bride, was matron of honor; Miss Susan Young, maid of honor, and Mr. Raymond Demere, brother of the groom, was best man. Misses Cornelia Cunningham and Jane Hillyer, nieces of the bride, were flower girls, and Miss Eleanor Hillyer and Master Fairley Cunningham, niece and nephew of the bride, were ribbon-bearers.

The bride wore white charmeuse and her flowers were lilies of the valley, her veil being caught with orange blossoms. She is a very handsome young woman of the brunette type and was commandingly beautiful in her bridal gown. Mrs. Hillyer, matron-of-honor, and Miss Young, maid of honor, both wore white crepe de chine gowns and carried large bouquets of pink roses. The three little girls wore white lingerie dresses with pink ribbons. The spacious house was decorated with palms and evergreens, also Easter lilies and white and pink roses. I first applied the Cuticura Ointment at night and next morning washed her head with the Cuticura Soap, dried her head perfectly and then remoistened it with the Ointment. The bride is a daughter of J. B. Stinson, a contractor of York, Pa., and a niece of the late Colonel Randolph Dicken, United States marine corps. A girl friend of the bride, who declined to give her name, accompanied the couple here. Following the ceremony the wedding party left the city, stating they intended to visit New York.

BEAUTY DOCTOR TELLS SECRET

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, promotes its growth and make it soft and glossy. To half a pint of water add 1 oz. of bay rum, a small box of Barbo Compound and ¼ oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is also fine to promote the growth of the hair, relieve itching and scalp diseases, and is excellent for dandruff and falling hair."

HONEST ADVERTISING.

The national awakening to the importance of honest advertising is growing rapidly into national demand. The public is being educated; it is learning to recognize the stamp of the faker, and as it does it will pass him up.

In a recent well-timed address before a gathering of New York business men, Richard H. Waldo, of The New York Tribune, told them:

> The elimination of the unfair competition of the liar will make truthful advertisements productive beyond our present dreams, and we would then see advertising become the cheapest as it is now the most useful among all the business forces.

As Mr. Waldo put it, "Advertising is identification." The dishonest advertiser may flourish for the moment, but his methods soon betray him; he becomes known and must perforce travel from community to community to get away from rapid depletion of his trade due to the awakening of consumers who have been "stung." The honest advertiser not only identifies but establishes himself; he builds business upon reputation which is his most valuable asset.

Commenting upon Mr. Waldo's presentation of the case, The Oil, Paint and Drug Reporter of New York remarks:

> The man who will make an untrue or misleading statement in an advertisement is guilty of as dishonorable a practice as though he sells short weight or short measure or grossly adulterated goods. The advertising cheat is no better morally than the swindler who sells a gold brick or the gambler who cheats at cards, and the concern that identifies itself with false or misleading advertising has little hope for sympathy from honest, fair dealing business men.

The case is well put. In the matter of food products federal and state governments have recognized this aspect of the matter, and made it a criminal offense to misrepresent the quality or quantity of a package. There are other necessities of life in which the public is just as much entitled to protection against the fraud and the cheat. They can get that protection today only through such publicity as The Constitution and other papers have given to underhanded business methods.

LAYING A BIG FOUNDATION.

Fulton county's commissioners have put the first stone in the foundation for a greater cattle industry for Georgia, and perhaps the entire south. The possibilities, the facilities, the opportunity are all here for the translation of an industry that now brings but a few millions a year into one of hundreds of millions. Impetus has been the one thing lacking; something is needed which will transform possibility into action.

In their adoption of The Constitution's suggestion, Fulton's commissioners have taken the initial step toward putting life and activity into the business of more and better cattle growing. In pursuance of this suggestion, directed to every county in the state and the south, Fulton has decided to purchase at once three pure bred, registered Hereford bulls to be placed at the disposal, free of charge, of the farmers of the county who will agree only to preserve all heifer calves for breeding purposes.

Every county in Georgia and in the south should take the same step at once. There is not one of the 152 counties in the state in which good beef cattle cannot be grown economically and profitably; with those which have the advantage of the open ranges, there is no excuse. With each of the 152 counties made a breeding center for good beef cattle, the aggregate of increased production within five years would be something enormous. We might not only begin to live at home, but have a substantial surplus for sale.

Georgia, too long given over to a one-crop idea, is spending $1,000,000 a month outside the state for meat, in addition to the millions more that are going away for hay, grain and feedstuffs. Georgia farmers need anticipate no difficulty in finding a market for every pound of feedstuffs grown; and if they will convert their surplus into fattened steers or well-rounded hogs, their market at a good profit is as sure as sunrise in the morning.

The gradual advent of packing houses has wonderfully helped Georgia's cattle industry the last few years, perhaps more than doubled it. But further stimulus has been needed. It will be found, largely, there can be no question in the plan The Constitution has suggested. But the counties should act now; a year's wait will mean a year's loss.

The year 1920 should not only see Georgia growing every pound of meat needed for home consumption, but taking orders from other states and other countries. We can do it, if we begin now.

A WORTHY WORK.

Mrs. Beaumont Davison took a step in the right direction yesterday, when in winding up the activities of the Emergency Association, a temporary organization for aiding unemployed women, she appointed a strong committee from among her co-workers to make a further survey of the conditions surrounding many of the unemployed women whose inefficiency made it difficult to secure work for them.

The bureau established for the registration of women who needed and wanted work showed a too large percentage of applicants who could not be classified because of their inefficiency in every line of work, and the number who could not hope, through their lack of knowledge, to obtain any work even of menial kind. With but a partial investigation of many cases, and with the records the Emergency Association have kept in their four weeks of experience in placing unemployed women, they have acquired a knowledge of conditions which should be put to practical use in some permanent movement to handle the problem of the unemployed.

The committee will ask conference with the committee from the chamber of commerce looking after unemployed men, hoping that the co-operation of these two committees may lead to a survey which will get at the very basis of the number of inefficient young people compelled to earn a living, and yet unqualified to do so.

The fact that many of the unqualified come from the city where opportunities of training are easier, as well as from the country districts, raises the question as to where the responsibility of so much inefficiency lies; whether with the city or with the state.

The work of Mrs. Davison's committee, with their experience acquired in the splendid activity of the Emergency Association, and their desire to co-operate with the men's committee of the chamber of commerce, with the view of a broader survey into conditions which are ever apt to confront the city and the state looking to its industries as a great factor of prosperity, means much for the city.

It means the acquirement and exploitation of such facts that the public at large should be apprised of, and it means the possibility of helping people to help themselves, separating industrial welfare work from any form of public charity or almsgiving.

THE WHIP IN THE CHURCH.

A communication from Rev. Rembert G. Smith, of Marietta, appears elsewhere in our columns.

It is on a subject which has provoked discussion, at intervals, for some time past. It has been argued pro and con with candor and sincerity, by those advocating a strenuous policy, and others favoring milder methods of dealing with it. But the problem—if problem it be—is no nearer solution than when its agitation was first begun.

Viewed in all its lights and bearings, is it not, after all, largely a matter of conscience with the individual? And will a policy that seeks to make conscience subservient to dictates other than its own ever be successful?

In the church, as elsewhere, intolerance may creep in; but never in its age-bright history of faith, and hope, and strength, and sacrifice, has intolerance contributed to its growth and influence. The whip-hand leaves only wounds and resentments. Drive from the shelter of the church all those who are the keepers of their own consciences and who would not intentionally violate any law—yet who may differ with extremists as to the construction of the law—and what good would be conserved thereby? Where would they go? Here is a man whose life and influence has been for good within and beyond the limits of his church. He finds, in its proper season, a source of enjoyment in dancing; he sees no harm to himself or the church in that exhilarating exercise. Perhaps another equally devoted brother has been known to play golf on Sundays—does so whenever time serves and he has the inclination, and in other ways lives in the liberty of light and conscience. Will not these offenders next come under the ban of excommunication?

Instead of driving men out of the church, is it not better to place the arms of brotherly love around them and hold them to it?

The trend of the times has been away from the church—for men to regard too lightly its offices and institutions. The church should not encourage this tendency by too drastic use of the whip!

Better go out into the highways and byways and bring in the halt, the lame, the blind, as is the mission of the church, than weaken its power by becoming a too stern monitor of the consciences of men that have worked for its upbuilding and given unsparingly of their time and energy to extend its sphere of usefulness.

The world cannot be won by condemnation. Brotherly love works wonders.

A True Philosopher.

"Talking of optimists and philosophers," said the Colonel, "reminds me of an old story of the very best of them.

"The old man had to keep close while the old woman washed his only shirt and hung it out to dry.

"Coming in later, she said to him:

"'John, I'm sorry to say the calf has took an' eat up yer shirt.'

"'Well,' he said, with a restful yawn, 'It's the way o' the world: Them that has must lose!'"

Sweet Spring Down Billville Way.

Candidates that are willing to work for a vote are abroad in the land, and pious farmers hereabouts have employed them to swear at the mules.

First thunderstorm of the season. Three moonshine stills were struck, but report says that lightning got the worst of it—in fact, was splintered and scattered all over the county.

The only industry the war hasn't hurt is the sale of young mockingbirds. Folks that can't have Grand Opera must have music of some sort. Rattlesnakes with good rattlers are also greatly in demand.

Yonder comes the Evenin' gray;
As my door I enter in,
Thinkin' rest an' peace to win,
Same old dark Night-worries say:
"Waited for you all the day!"

The "High Old Time."

The Bentztown Bard glimpses the good times coming to the country. He sings in The Baltimore Sun:

"High old time in the country yet,
When wheat comes down and the old wars end.
Lots of prosperity, don't you fret:
Better days than we've all known, friend,
Some time sooner or later our will
Of iron purpose will make its way
With a touch of peace on the hearts that kill,
As it bends the swords with which men slay."

His Reasonable Chance.

George Batley, who keeps a sharp eye on affairs in the Old North State, says, in The Houston Post:

"The North Carolina statute which enables a person to buy one quart of licker and forty pints of beer every two weeks is now in operation. This gives a man with a wife and nine daughters a reasonable chance, if they are disposed to be kind to him, as they undoubtedly will be if he is liberal with the bonnets."

They win, who come from out the dark,

Always on the Side of Progress

Editor Constitution: Permit me to commend you for the vigorous editorial in this morning's paper relative to the Governor's Horse Guard. Your paper is always on the side of progress.

In the midst of all the mud slinging which has been going on regarding this organization it is certainly refreshing to find that your paper takes such a sane and far-sighted view of the situation.

LOVE.

(For The Constitution.)

A soul in the desert lying—
The death-haunted Desert of Sin;
Without are the dead and the dying,
An angel sin-prisoned within,
From a rock in the wilderness smitten
The life-giving water gushed;
From a soul in which "Christ" is written
What volumes of love have rushed!

In the depths of my sin and disaster
This world was a wilderness wild,
But spirits love-writ by the Master
Upon me like angels have smiled.
I would give what to me they have given—
Heartfuls of love and good cheer;
I would water with showers of heaven
God's flower a-drooping down here.

Governor Manning, Of South Carolina, Commends Constitution

Editor Constitution: I cannot refrain from expressing to you my gratitude for your taking up the subject of diversified farming and stock raising in connection with cotton growing.

In South Carolina we are urging diversified farming and stock raising through every available agency. This is being stressed by Clemson college and the demonstration agents in every county. We have been urging it upon the farmers through co-operation, and we are impressing them with the desirability of making a start in stock raising in a small way at first, without delay, and urging them to gradually increase it as their facilities and conditions warrant.

Your plan commends itself to me highly, and while I hesitate generally to advise our people to look too much to the government for help and prefer that they shall take these steps by organization among themselves, still I think the emergency is such and the needs for embarking in this business so great that I would not hesitate to indorse your plan.

I am writing this simply to manifest my interest in the matter, and I hope that I will hear what success you are making with your laudable efforts to aid the farmers and through them the people of the south.

I am, very truly yours,

RICHARD I. MANNING,
Governor of South Carolina.

THE DARDANELLES.

By GEORGE FITCH,
Author of "At Good Old Siwash."

There are a good many celebrated patches of wetness on this planet, but none of them have anything to speak of on the Dardanelles.

When these waters—to use the plural—first broke into literature the Red sea and the Mediterranean were about all the bodies of water which had received prominent mention. The English channel had never been heard of, the North sea was full of worse monsters than torpedo boats for all the world knew, and even the Atlantic ocean had not yet gotten into the press reports. Xerxes crossed the Dardanelles 2,500 years ago on a bridge of boats, thanking his lucky stars that there were no submarines on the job, and the first swimming match in history occurred on this strait when Leander swam the Hellespont and dodged four dogs and nine armed retainers to spend an evening with his lady-love.

The Dardanelles is a narrow strait 47 miles long. It is part of the connecting waters between the Black sea and the Mediterranean, and it has played as prominent a part in politics as it has in literature. For centuries it has kept Russia from sailing its warships around the Mediterranean and sitting in with the other powers. It has taken half a dozen wars and hundreds of thousands of lives to accomplish this, and now the nations which expended the said lives are busy spending thousands more to uncork the straits and let Russia out.

One never can tell what European statesmanship is going to do except in the obituary line. European statesmanship has blundered more bright young lives into eternity than ever the Black death did.

The Dardanelles is only three or four miles wide, and is defended along its entire length by large, heavy forts. Among them are Chanak-Kaleshi, Sultanieh-Kaleshi and Kalid Bahr, which sound even worse than they read. The narrowest part of the Dardanelles is only half a mile wide, and is called the Hellespont—not because of the Hades which it has always raised in history, but because a lady named Helles tried to do an Annette Kellerman across it once and drowned in mid-channel.

By the treaty of Paris, which was recently waste-basketed along with other treaties, Turkey was allowed to keep all war vessels out of the Dardanelles and to boss the shipping, which amounts to 12,000 vessels a year. Admiral Duckworth got through with his fleet in 1807, but it took 108 years to repeat the feat.

Would Drive These Men From Church Membership

Editor Constitution: In your edition of April 3 there is the report of a meeting in the interest of prohibition at the Central Baptist church on Sunday night. One of the speakers on that occasion is reported to have said:

"Get your Baptist deacons, your Presbyterian elders, your Methodist stewards and all the rest of the church officials out of the church or out of the locker clubs, and you will see the clubs closing."

He is certainly correct in this statement. Church leaders who appeal for more stringent laws by the legislature and more rigid enforcement of existing statutes by the officers of the law, but who are not using their power to the utmost to free church official rolls of the names of those who are members of these locker clubs are so inconsistent as almost to justify their being treated with silent contempt. There have been many denunciations of these locker club members; sundry resolutions have been passed; but the number of prominent church officials who are also members of the locker clubs remains lamentably large. What are the pastors and the churches going to do about it? It is high time to quit dilly-dallying and to do something. Someone has significantly said that we read nothing at all in the New Testament about the resolutions of the apostles but a good deal about their acts. Do we not need in Georgia right now the dynamic manifestation of our professed convictions rather than their dreary reiteration?

RIPPLING RHYMES

By WALT MASON.

AT THE DENTIST'S.

If you would see all kinds of woe, all standard brands of fear and gloom, just visit, for an hour or so, the painless dentist's waiting room. How tragic are the faces there, how poignant are the deep-drawn sighs! And you may see the heart's despair look bleakly forth from shrinking eyes. There heroes wilt and mop their brows, and mighty captains walk the floor, and frame a lot of pious vows to seek the dentist's shop no more. A Cromwell, in the dentist's lair, looks not like one who could command; he wrings the moisture from his hair with quivering and nervous hand. And there, Napoleon, too, I think, would look absurdly cheap and small; and he would in the shadow slink, and wish he hadn't come at all. The gorgeous beauty of the stage, whom men adore, the old, old way, when at the dentist's looks her age, and that's the worst a man can say. Men drop their masks and cease to pose when in the waiting room so drear, and murmur, as each victim goes, "My turn is next, I sadly fear!"

"An Industry in Every Town."

Editor Constitution: The executive committee of the Georgia section, American Chemical Society, in session has requested me to express to you the sincere appreciation of the society for the hearty co-operation given the movement looking to the encouragement of chemical industries in our state. We feel that the interest aroused in this way will ultimately result in great prosperity in the south, and it is the ambition of the Georgia section to see in every little town where there is now an oil mill, also another chemical industry, if not the manufacture of paper, then something else.

Wonderful Record Established By the Emergency Association In Securing Work for Women

In their four weeks and a half of activity, the Emergency Association for Unemployed Women produced a banner report yesterday, when called by the president, Mrs. Beaumont Davison, to look to winding up the affairs of the temporary organization, and to consider steps for a permanent movement looking to the help of the unemployed.

Of the 209 women who applied for work through the bureau at the emergency headquarters, 85 are in positions secured through the association, this department under the direction of Mrs. W. W. Brooks. Seventy-two women have been employed in the workshop in groups averaging fifteen at a time, and of these thirty-five have secured work or are working at home, the workshop under the direction of Mrs. Beaumont Davison.

Through the exhibit sales committee, of which Mrs. William Kiser is chairman, $100 worth of women's handiwork has been disposed of, the women consignors getting all of the money and required to pay no commission.

Of the children's clothing which was made in the workshop, and of which Miss Mary Hines is chairman of the disposing committee, $40 worth has been sold.

To dispose of these, and also to dispose of the women's handiwork still in the shop, Miss Hines will conduct an auction sale today at 19 Auburn avenue to dispose of the handiwork still on hand. This includes laces, baby clothes, pillows, crochet work of all kinds, towels, bags, aprons, dressing sacques, centerpieces, boudoir caps, table covers and runners, and home-made cakes, candy and bread.

Sale at Woman's Club.

On next Monday afternoon, following the regular meeting of the Atlanta Woman's club, Mrs. Davison will begin a sale of the children's clothing which she has on hand after the close of the workshop. There are 223 dresses for little girls which will be sold at 75 cents and 59 cents each; there are little waists, knickerbockers and skirts at a reasonable price. Orders can still be given Mrs. Robert S. Wessels for costume covers, a number of which will be on sale at the Woman's club Monday, and through the earlier part of the week as long as the sale lasts.

Various Reports.

Mrs. A. P. Coles made an interesting report expressing her appreciation of the invaluable work of the press in keeping the association work exploited. Miss Susan McClellan, who has charge of the register at the emergency headquarters, told many interesting stories of the follow-up system employed in the placing of applications for work. She spoke with earnestness in regard to the lack of training of the many who were in search of work. "They acknowledged, many of them, that they could not do the simplest house work, not because they are unwilling, but because they do not know how," reported Miss McClellan. "They would cook if they could, but they know nothing of that, or sewing. One young woman for whom a position was secured in a physician's office could not keep it because she could not spell or write sufficiently well to take messages for him, though she had been reared in Atlanta almost in sight of a schoolhouse.

"Others could do nothing but the most menial form of work in an industrial institution, one declaring she did not know how to do anything but told overalls.

"Twenty-seven young women, all thrown on their own resources, could not be classified on the registry books because they did not know how to do anything, they declared but wanted to try."

Investigation proved that all needed work, extreme poverty existing in some cases.

Mrs. Haynes McFadden and Mrs. P. J. McGovern made interesting reports of various phases of the work.

A review of the reports and suggestions made by those at the meeting and the many appeals made to Mrs. Davison to plan a permanent work, based on the results of the accomplishment of the emergency association, prompted her appointment of a committee to make a further survey of conditions, reporting the same to the chamber of commerce committee with a view to the combined energies of the two committees formulating a plan looking to a permanent movement for the unemployed.

Much Involved.

"I see so much that is involved in the undertaking to help the unemployed, I realize we must have our purposes well defined before we can work, as well as the necessity of acquiring much information we do not have," said Mrs. Davison.

"The problem is a complex one, and while we have to relieve the emergency always we must get at the cause of it and work there.

"It may be we need a system of vocational training; we have not, it may mean, too, that we should work for a compulsory education law and other laws, but it is a too important matter not to be taken up by both the men and women of the community. It must be handled not on the basis of charity or almsgiving, but as an industrial movement, helpful to employer and employee alike, and I believe, as I see it now, it is a subject for state as well as municipal consideration.

"To make a survey further of conditions in Atlanta and to confer with the committee of the chamber of commerce Mrs. Davison appointed to assist her on the committee Mrs. P. J. McGovern, Mrs. Haynes McFadden, Mrs. A. P. Coles, Mrs. R. S. Wessels, Mrs. W. W. Brooks, Mrs. Emily McDougald, Mrs. William Kiser, Miss Susan McClellan, Miss May Hines, Mrs. H. R. Machen.

Resolutions were passed thanking Dr. R. Atkinson for the use of the rooms in the parish house for the workshop; also to Mrs. W. I. Maddox for her continuous and able direction of the workshop, assisted by Mrs. Davison.

The meeting adjourned, subject to the call of the president.

Ellen Wilson Endowment to Aid Mountain Youths of the South

The purpose of the patriotic women of the central south to establish the memorial to the late Mrs. Woodrow Wilson in the form of an endowment fund to help educate the mountain youth of the central and southern states, whom she in many ways befriended, deserves the generous support of the country at large and initiative action in the south.

The movement for the endowment was the thought of a Georgia woman, but the good work of the noble lady of the white house in behalf of humanity was not measured by sections, and the endowment would benefit a people whose developed resources would enrich the nation.

Mrs. W. S. Elkin, of Atlanta, has been made chairman of the administration committee, and there are vice-chairmen in every state in the central and southern states.

The story of the mountain people, with their strength and their weaknesses, their elemental racial qualities which could be made to serve the highest demands of civilization, and their isolation, their fend suspicion and laggard response to the call of progress has been frequently and dramatically plotted.

Specialists have planned the course of education that these people need to qualify them to meet the demands of citizenship and schools are being established for them of model kind.

The phase of the problem which most needs to be worked out now is to get the people to go to the schools and help keep them there through scholarships for the boys and girls. The Ellen Wilson endowment fund is to be used in this direction. From Georgia should go a ready and generous quota of the funds to make the endowment possible.

A meeting of the state chairmen working for the endowment will meet in Atlanta in June, when a complete plan for the beautiful work of the memorial will be fully exploited.

LEADERS OF LABOR WILL ATTEND SECOND MASS MEETING, APRIL 18

The second mass meeting of the Labor Forward Movement will be held Sunday afternoon, April 18, in the Forsyth theater. Hugh Cardoza, manager of the theater, has given the use of his house to the central committee and has undertaken to render every accommodation in his power.

On the occasion of the first mass meeting of this movement, held in the Alamo theater No. 2, March 21, the capacity of the hall was taxed to the utmost and several hundreds were turned away. Because of the success of this meeting and the unusual response of the working men to the purposes of the revival, it was deemed advisable to obtain a larger place for the eminent labor speakers who will attend the gathering this month.

According to the intentions and arrangements of the committee the speakers will be Mrs. Sarah Conboy, of Boston, and George L. Berry, of Rogersville, Tenn. Mrs. Conboy, who is known over the country as an interesting speaker, has for years enjoyed a remarkable success as an organizer of working women, not only of the textile trade, but of other crafts. She was in Atlanta for a month last year and actively urged the plan of housing the striking textile workers of the Fulton Bag and Cotton mills in tents. For the past several weeks she has been supervising a strike of the textile workers near Knoxville, Tenn.

Mr. Berry is not only prominent in labor circles of the country, but is also one of the leaders of the democratic party of Tennessee. At the last election in that state he declined the nomination for the governorship. Mr. Berry is chairman of the executive board which has charge of the several tubercular institutions established by the Pressmen and Assistants' Union of America, and has charge of the one at Rogersville, Tenn. Although a young man, he has been president of the Pressmen and Assistants' union since 1907, and has been the fraternal delegate of the American Federation of Labor to the British Labor congress held in London several years ago.

In conducting the second period of the labor revival many new plans and arrangements have been made. This has necessitated the revision and enlargement of the visiting committee, which has proved so strong a factor in the success of the forward movement thus far. Those composing the new committee are Carl Karston, chairman; William Vair Houten, Charles B. Gramblin, J. R. Nay, Lokis Marquardt, James A. Alleyn, O. M. Brisendine, J. A. Miller, W. C. Carraway, C. H. Owens, Luther Still and R. L. Corley.

GREAT OPENING IN SOUTH AMERICA OFFERED PEOPLE OF THIS COUNTRY

Victoriano Villamil, prominent merchant and financier of Buenos Aires, Argentina, who has been stopping at the Piedmont hotel, believes that the United States should find her chief commercial opening in this South American republic. After six tours of this country and a study of its business enterprises he is convinced that Argentina will logically look to the United States for the men and the money with which to develop her great natural resources and build railroads.

"The people of Argentina," he said, "are the Yankees of South America. They are farmers, bankers and general business men who have already shown capacity for large commercial ideas. They are believers in railroads, and in their development the United States should find an excellent opportunity to direct her attention to the possibilities of South America. The people of the cotton belt here need not expect to sell us much cotton. South America will raise it herself in sufficient amounts.

"We have already made ourselves acquainted with the United States far more than the business men here have informed themselves about South America. For instance, if one mentions Atlanta the business man of Argentina knows that it is in the United States. If Buenos Aires is mentioned on the streets here, on the other hand, it is probable that a question would arise as to its geographical location.

"I do not think that the European war will do much to turn the eyes of the South American to the United States for the purpose of spending for luxuries. The South American is of Latin origin. He likes pleasures which the United States is not liable to supply to his taste. After Europe has regained her usual way of living, he will again turn to France, Spain, Italy and the capitals of the other countries for social pleasures and for luxuries."

Signor Villamil will be a representative of Argentina to the financial congress which has been called by Secretary of State Bryan to meet in Washington, May 10, to consider making the American dollar the monetary basis of exchange between North and South America. Signor Villamil will be the delegate from the bank exchange of Buenos Aires. The results of this congress, which will be composed of the ministers of finance and private financiers of South American states, Secretary of the Treasury McAdoo and representatives of big business in this country, are expected to go far toward bringing the northern and southern continents into closer commercial relationship. At present the money basis of exchange between them is the English pound sterling. This has proved an increasing hamper to intercontinental trade because all financial transactions must be done through the banks of London. As an instance of the growth of trade between the United States and the countries of the south Signor Villamil says that there are twenty-five ships plying these routes where only one could be found ten years ago.

Riccardo Martin Is Popular With Atlanta Opera Patrons

No artist of the Metropolitan Opera company is deservedly more popular in Atlanta than the American-born and American-bred Riccardo Martin.

Such an eminent musical authority as Mr. Henry T. Finck, the distinguished critic of The New York Evening Post, calls him the "American Caruso." This compliment, however, has not turned Mr. Martin's head. He remains the modest American gentleman as well as the great American tenor.

Since the departure the latter part of this season to Monte Carlo of Mr. Caruso Mr. Martin has been singing the Caruso roles in New York with his usual success and there is little doubt that his presence in the company in Atlanta will be an important factor in the artistic success of the coming season.

Mr. Martin will appear twice, each time in a role in which he has not been heard before in Atlanta. In Offenbach's delightful opera, "The Tales of Hoffman," he will have the romantic part of the hero. Hoffman is a character all of the poetry and the charm of which is revealed by Mr. Martin's singing and acting. It gives him a fine opportunity for the display of the best qualities of his beautiful voice, while his physical personality and buoyant youthfulness are precisely the requisites for its proper impersonation.

The other role in which Mr. Martin will appear is Don Jose in Bizet's masterpiece, "Carmen." This admittedly is one of the greatest tenor roles in grand opera. Some of the most famous tenors in the past have shone in it. Mr. Martin's Don Jose is worthy of the best traditions of the stage and his singing of the "Flower Song" with which he makes his plea in the second act to Carmen, who, in this case, will be the lovely Geraldine Farrar, will send a thrill of delight through the great audience which is sure to attend what promises to be a memorable operatic event in Atlanta.

This first week of sales of seats for single performances is meeting with splendid success. So much so is the case, in fact, that the best seats are being rapidly picked over. These seats are on sale at the stores of the Cable company, on Broad street, and Phillips & Crew, on Pryor street.

800 GIRLS TO TAKE PART ON SATURDAY IN SPRING FESTIVAL

Great interest centers in the spring festival to be put on Saturday night at the Auditorium-Armory by eight hundred girls from the Girls' High school and the English Commercial High school. This will be the first public event in which so many of the high school girls have taken part and it promises to be one of the most popular of the season.

The processional to the march from "Aida" will be one of the most spectacular features of the program. The girls in costume will personify the following: "Maids of May," by the senior class; "Flowers," by 200 girls from the first grade; "Dawn," by third grade girls; "Sunbeams," by first grade girls; "Bees," by second grade girls; "Breezes," by first grade girls; "Raindrops and Cobwebs," by English Commercial High school girls; "Forest Spirits," by second grade girls.

There will be special music by the orchestra and chorus work by the pupils. The seniors of both schools and third grade of the high school will sing "The Beautiful Blue Danube."

The seniors of both schools will put on a Maypole dance, three poles being weaved. The poles will be set up in the center of a circle of high school girls in costume.

Tickets to the pageant may be purchased for 25 cents, which will be the general admission for all seats.

Aeroplane Inventor Must Answer Charge Of Cracking a Safe

Although he declared he was quite sure that if he could get in touch with certain corporations which are backing a hydro-aeroplane of his invention he could make bond, Joseph Kelley, recently released from the Atlanta federal prison after a term for safe-cracking, was sent by Judge W. T. Newman to Maine, where he is wanted on a similar charge.

Kelley produced a letter in court, purporting to be from Secretary Daniels, of the navy department, which read as follows:

"Your letter in regard to using hydro-aeroplanes in war has been duly received. It will receive careful consideration. I desire to thank you for the interest you have taken in the subject."

RESPITE FOR SLAYER DENIED BY GOVERNOR

Governor Slaton has declined to interfere in the death sentence of Will Bird, who is sentenced to be hanged Friday at Monticello for the murder of a negro woman. The prison commission had previously denied a recommendation for commutation.

Examination Postponed.

The examination of stenographers, scheduled to be held in Atlanta on May 17 for filling vacancies in the departmental service at Washington, has been postponed to May 15. Information to this effect was received Wednesday by the civil service secretary for this district.

BLAME FOR TROUBLES PLACED BY HUSBAND ON MOTHER-IN-LAW

After having been hauled into the superior court on divorce and alimony suits and into the criminal court on a warrant charging him with abandoning his child, L. H. Andrews, a drug clerk, was once more called upon to defend himself from the iron hand of the law when he was arraigned in the police court Wednesday afternoon on the charge of disorderly conduct, said to have been committed several months ago.

Andrews claimed that the whole business, from the separation of himself and wife clear down through all the suits and charges, was persecution pure and simple and instigated by his mother-in-law. According to the statement made by his lawyer to the recorder, no man ever had such a case of mother-in-law.

The recorder was told that Andrews married on January 1, 1914, and a short time afterwards he and his wife separated. Then followed two or three divorce and as many alimony suits. Last came a warrant charging Andrews with abandoning his infant child that was born last November.

The attorney representing Mrs. Andrews denied many statements made in the man's behalf. He claimed that the warrant for abandonment had been withdrawn.

The prosecution wanted Andrews tried on the charge of pointing a pistol at his wife nearly a year ago.

"I am not going to try this case," the recorder announced, "if the state case is pending. I will postpone the hearing until Friday afternoon at 2 o'clock, and get my clerk to ascertain the status of the state case. I am not going to get into deep water if Mr. Andrews is in hot water."

COUNTY'S ROAD WORK PROGRAM IS ADOPTED

With an estimated total of $50,000 the complete program of road work planned by the board of county commissioners was adopted by the public works committee of that body at the April meeting Wednesday morning.

The program has been in process of formulation for the past several weeks. The committee which has the work in hand is composed of W. Tom Winn, Oscar Mills and T. J. Hightower, Jr. Eight convict camps will be used in this work, McPherson, Roseland, Virginia, Bellwood, East Point, Utoy, Adamsville, Wiecua and Honor camps.

GEORGIA-MADE GOODS BOOSTED BY FARMERS

The Farmers' Social Co-operative club of Bells Hill county at a regular meeting on April 2 adopted resolutions that show the club to be squarely lined up with the people of the state who are in favor of using Georgia-made goods.

The resolutions adopted are as follows:

"That we will at all times use our utmost endeavor to produce, pack and can all our goods so it shall stand at the head of its class in the market, with the A-No. 1, superior.

"That we will in all cases use Georgia products so long as quality and conditions will sustain us in so doing."

DOCTORS DISCUSS "TWILIGHT SLEEP"

New Method Not Yet Sufficiently Proved for General Practitioners, Is the Opinion of Eclectics.

The "twilight sleep" was discussed at length yesterday by the Eclectic physicians attending the annual convention of the Georgia Eclectic Medical assbciation, which had convened for the first day's session in the assembly hall of the Kimball house.

The prevalent opinion was that the new method, as suggested by its advocates, had not yet been sufficiently proved for use among general practitioners. While many of those discussing the widely interesting subject did not question the known advantages of such a method as the "twilight sleep," they believed that it was in the interest of medical science and of prospective mothers that such a new departure in medical practice should first receive the thorough study of the country's authorities, under the superior conditions of the leading hospitals.

The occasion of this discussion was an excellent paper read by Dr. Rebecca C. Brannon, of Atlanta, in which the results of recent investigations of twilight sleep methods were reviewed in detail.

The convention commenced its work Wednesday morning at 10 o'clock and was opened by an address of welcome by Dr. John M. Powell, of Atlanta, president of the association. There was a large and enthusiastic attendance of physicians from all parts of the state. Among the several prominent physicians visiting from other states were Dr. H. S. Hampton, of Tampa; Dr. J. Paul Harvill, of Nashville, and Dr. John K. Scudder, of Cincinnati.

"The Newest Remedies in Pneumonia," a paper read by Dr. A. F. White, of Flovilla, Ga., furnished the chief topic of Wednesday morning. This discussion was characterized as the best presentation of the subject ever read before the Georgia Eclectic Medical association and was the basis of many talks by physicians present.

The feature of Thursday's session will be the clinic at the Georgian hospital, consisting of some thirty operations. Dr. Duvall will have charge of the surgical department with assistants, and Dr. Powell will have charge of the eye, ear, nose and throat department with assistants. The operations will commence at 7 o'clock and continue several hours.

Two hundred and fifty eclectic physicians gathered for a grand good time at a banquet served in the Kimball house last night. Dr. John H. Powell, president of the Georgia Eclectic Medical association, presided and Mayor Woodward made an address of welcome.

Interesting and highly enjoyed addresses were made by Judge Richard B. Russell, of the state court of appeals; General A. J. West and Dr. J. C. White, of Atlanta, who read an original poem.

Fred Houser, of the Atlanta Convention bureau, in his speech suggested that the National Eclectic Medical association, which meets this year in San Francisco, could be brought to Atlanta in 1916. The question of the present number of eclectic physicians on the state medical board of examiners was taken up and discussed by several speakers. It was the general opinion that the allopathic physicians had stolen a march on the eclectic adherents when the present law which places five allopathic, three eclectic and two homeopathic physicians on the board of examiners was enacted by the legislature two years ago. While no steps were definitely suggested in regard to making an effort at the coming legislature to have this representation changed, the speakers declared that every eclectic should work with this end in view.

Billboards and "Movies" Will Help the Workers In "Clean-Up" Campaign

It looks as if Atlanta is to be a "Spotless Town" as the result of the "clean-up" campaign inaugurated by the Chamber of Commerce, the Atlanta Federation of Women's Clubs and other organizations in the city.

Wednesday was the third day of the campaign and those in charge stated that everything so far was working satisfactorily.

Henry L. DeGive and E. M. Horine, of the Atlanta Advertising Service, have donated the use of fifty of their billboards, and the Massengale Bulletin System has donated three such boards for the display of posters on which will be shown: "Clean Up and Paint Up. Make Atlanta the City Beautiful. By Atlanta Chamber of Commerce Committee."

The Georgia Railway and Power company has given the use of its street car advertising boards. All the moving picture theaters will begin Thursday to show slides telling about the clean-up campaign going on in Atlanta.

Wife in Divorce Plea Charges That Husband Is Professional Gambler

Mrs. Elizabeth Martin, who says her husband is a professional gambler, instituted suit for divorce in superior court Wednesday afternoon, charging principally that, in later days, Martin had become addicted to intoxicants which affected his brain while at the card table and made him unable to support her.

The Martins were married in 1907 in Carroll county. They were separated in 1913, she says. She charges also that her husband is a morphine fiend, having contracted the habit at the gaming table.

The gambling charge in her suit is made in the following paragraph:

"He is addicted to morphine and intoxicants and while gambling would get so drunk he would lose his money so that he could not support me."

The suit will be given a hearing in the next term of superior court.

Do You Want Wife? If Rich and Forty You Are Eligible

Miss Dolly Harris, of Portland, Maine, Writes to Mayor Woodward, Asking Him to Assist Her in Search for Mate.

All fictitious persons are requested not to read this story.

This story is, in fact, of such a nature that it would be of no earthly interest to a fictitious person.

It deals with "a very personal matter" and is designed exclusively for the information and aid of bachelors and widowers about 40 or 45 years of age and only such of those as are possessed of a beautiful colonial home or a ranch.

The fact is that Miss Dolly Harris, or Portland, Maine, by her own candid admission 25 and pretty, wants a husband built after the foregoing plans and specifications. She has so written to Mayor Woodward and instructed him with the trivial detail of finding that sort of a man.

She says:

"A man of about 40 or 45 years of age and one who owns a beautiful colonial home or a ranch will do. I am 5 feet in height and am considered by my friends to have a fine physique. My age is 25 and my complexion is fair and my eyes are dark brown. I am stylish and extremely dainty, with a very lovable temperament. I want no fictitious person to answer, as this is a very personal affair. I hope for an early answer, as I am very anxious to go to your beautiful south."

She asks all applicants to address her through the general delivery, Central Station, Portland, Maine.

The request was referred by the mayor to his secretary, Sidney Ormond, and Park Manager J. O. Cochran. They were not able to qualify and have transmitted the information to several other members of the "Bachelors' club."

PAROLE IS REFUSED BY NEGRO CONVICT; CONTENT IN THE PEN

Claude Walton, a negro convict sent up from Fulton county for a term of six years for burglary, now serving in the Newton county gang, has elected to finish out his term, which ends the last of this month, instead of accepting a month of freedom which Governor Slaton recently offered him by way of parole. The parole has been returned by the warden of the Newton county gang with the statement that the negro has declined on the ground that he is very well content in his present circumstances.

MRS. WALKER TO SPEAK TO AD MEN OF ATLANTA

Will Outline Conditions in the Schools at Meeting Thursday, April 22.

Showing an interest in Atlanta's public schools, the Ad Men's club has invited Mrs. R. M. Walker, president of the Atlanta School Improvement association, to address that body at their meeting Thursday, April 22. She has accepted the invitation to outline to the club members the conditions that have been found to exist here.

Julian V. Boehm, vice president of the club and chairman of the entertainment committee, has addressed the following to The Constitution relative to the address of Mrs. Walker, and he takes occasion to commend The Constitution for the active work it has done for better schools:

Editor Constitution: It may interest you to know that I have succeeded in inducing Mrs. R. M. Walker, president of the Atlanta School Improvement association, to address the members of the Ad Men's club, at their noonday meeting on Thursday, April 22, at the Hotel Atsley.

Mrs. Walker will tell us about the school situation, as she sees it in Atlanta. My reason for advising you of this is that I know you appreciate what you are trying to do to help our children to get better facilities and proper surroundings in Atlanta's public schools. Very truly yours,

JULIAN V. BOEHM,
Vice President and Chairman Entertainment Committee.

This step of the Ad Men's club may result in the appointment of a committee to co-operate with others in getting at the bottom of the school situation in Atlanta.

FIGHT OVER SKELETON OF SUNDAY'S CHICKEN

After having been presented with a chicken for Sunday dinner, J. K. Sheffield and H. O. Wimberly, dental students at Mrs. South's boarding house, 102 Capitol avenue, decided to kidnap the dismantled fowl and carry it to the dental college to solve the problem of why hens have no teeth.

Somebody told Mrs. Smith who swiped the fowl, and Sheffield and Wimberly believed S. S. Busby, another dental student, told on them. When they met Busby at college Tuesday afternoon Sheffield proceeded to whip him. Busby had both fellow-students arrested and they were tried Wednesday morning in the police court. The recorder fined each of the young men $3.75.

How the War Will Increase the Value of Diamonds

There were about 10,000 people employed by the De Beers Company and about 15,000 employed by the Premier Company.

All of the employees of these Mining Companies either left or were discharged when the war began.

This naturally closed all cutting plants.

There is a scarcity of "rough" (uncut) diamonds.

After the war is over, it will require at least eighteen months to organize and bring the supply of "rough" back to its previous normal condition—six months for reorganizing the labor and the usual twelve months for the products of the mine to be exposed, to allow the air to disintegrate the material so that it can be passed through the crushing and washing machines. If the operation was done otherwise the machines would simply crush the diamonds.

Experts conservatively estimate that the war will result in an increase in value of forty per cent.

The primary market is showing a steady advance. Retail prices are the same as quoted in our current catalogue.

Now is a good time to buy.

Call or write for our diamond catalogue.

Your Grandmother's Remedy for Purifying the Blood

And Renovating the System in the Springtime

Ask for Sulpherb Tablets.

What was grandmother's unexcelled remedy? Haven't you heard of it? Yes, you have! It was sulphur, cream of tartar and molasses. The main trouble with it was its nauseous taste.

A modern method puts the cream of tartar and sulphur into sugar-coated tablets and mixes them with herbs, roots, etc., making a wonderful tonic blood purifier and system cleanser.

Just try Sulpherb Tablets (not sulphur tablets), but Sulpherb—remember the name—and get the tablets in sealed tubes at 50c per tube.

Grown-up people and children who don't feel well, who are constipated or sluggish, or who have pimples, boils, carbuncles, ulcers and the like, can soon rid the system of these impurities by taking this good old-fashioned remedy in modern form. Their action satisfies or money is refunded by the Prescription Products Company, Dayton, Ohio. A free trial sent to any address. Buy of any well-stocked druggist.

Put Off Old Age

Some old folks are bent and shaky. Others are straight and strong. So it can't be mere "oldness" that works such havoc. No—it is too often uric acid that weakens older folks. Fight off this life-sapping uric acid poison. Help the kidneys take it from the blood. To aid them in this struggle, live, carefully, and stimulate their action with the old reliable remedy, Doan's Kidney Pills.

An Atlanta Case:

Mrs. Thomas Jackson, 51 Newport street, Atlanta, says: "My trouble was mostly caused by weak kidneys, and the kidney secretions were unnatural. When I overworked, my back pained severely, and often I could hardly straighten up after stooping. Doan's Kidney Pills quickly relieved these ailments."

Finds a Cure For Pellagra

All Skin Eruption Gone, Doctors Now Convinced Mrs. Vaughn Is Entirely Well.

Mrs. C. H. Vaughn, Millville, Ark., writes: "There is nothing I ever could do but what I can do it now. There is no sign of skin eruption. One of our local doctors told me that my cure was one of the grandest things that ever happened—not only for me, but for the whole community, to let them know that there is a cure for pellagra.

"All the doctors that waited on me are convinced that your remedy is a real cure."

There's the true word from a cured patient. If you have Pellagra, or know of anyone who suffers from Pellagra, it is your duty to consult the resourceful Baughn, who has fought and conquered the dreadful malady right in the heart of the Pellagra belt in Alabama.

The symptoms—hands red like sunburn, skin peeling off; sore mouth, the lips, throat and tongue a flaming red with much mucous and choking; indigestion and nausea; either diarrhea or constipation.

There is hope. Get Baughn's Big Free book on Pellagra, and learn about the remedy for Pellagra that has at last been found. Address American Compounding Co., Box 2003, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure.

JITNEY DRIVER IS HELD TO BLAME FOR SMASH

Recorder Decides Motorman Bryson Was Not Guilty of Reckless Driving.

After a thorough investigation of the rear-end collision that happened to a trolley car and "jitney" last Friday night, Recorder Johnson Wednesday afternoon held that the motorman, R. C. Bryson, was not guilty of the charge of the reckless running of a car and dismissed the case.

The evidence showed that G. W. Hammock was driving a "jitney" into the city on Marietta street from the stock yards about 8 o'clock when a trolley car came up behind and smashed the auto. Hammock had just taken on two lady passengers and was in the act of turning to get on the car track to pass another auto when the collision occurred.

Hammock and Miss Bertha Campbell, of 84 Poplar street, were injured, the latter painfully about the eyes. Miss Campbell stated in court that the street car company had settled with her. Afterwards she told a reporter of The Constitution that she was paid $15.

Hammock contended that the trolley car was running about thirty miles an hour and that he was trying to get off the track. He and other witnesses testified that there were no signals given by the trolley car.

Attorney C. B. Rosser represented the street car company, and Clarence Wurtzberger appeared for the automobile people.

WITH THE FRENCH WOUNDED

The Woman's Sacrifice.

Paris, April 7, 8:30 p. m. Away from the battlefield one sees war stripped of its glamor. We see the heroic work of nurses who are on duty day and night. There is devotion, self-sacrifice, suffering patriotism—qualities which only a great war and its terrible consequences can inspire to the highest development. The women everywhere are helping and everywhre one sees self-sacrifice and devotion to country.

The women of the United States do not know how fortunate they are. Here there are plenty of women who suffer in silence, whose strength is out of proportion to their ambition. Their hands are tied by some chronic disease common to womankind; that weak back, accompanied by pain here or there, extreme nervousness, sleeplessness, maybe fainting spells or spasms, are all signals of distress for women. She may be growing from girlhood into womanhood, passing from womanhood to motherhood, and later suffering from that change which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nervine, prescribed for just such cases by a physician of vast experience in the diseases of women. Dr. Pierce's Favorite Prescription has successfully treated more cases the past fifty years than any other known remedy. When you feel dull, headachy, backache, dizzy, or perhaps hot flashes, there is nothing you can accomplish, nothing you can enjoy. You can find permanent relief in Dr. Pierce's Favorite Prescription. It is sold by medicine dealers, or trial box by mail from Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., on receipt of 50 cents, or one dollar for large box.—(Adv.)

Acute Articular Rheumatism

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schultze expresses the opinion of thousands of practitioners when he says that Anti-Kamnia Tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headaches, neuralgias and all pain. Ask for A-K Tablets.

Diners in Confusion When Julian Boehm Slays(?) Wylie West

Nothing Quiet About the Luncheon of Boy Scouts and Ad Men at the Hotel Ansley.

A detachment of boy scouts were showing the large crowd of Ad Men gathered at luncheon in the ball room of the Hotel Ansley Wednesday at noon, the many and varied things a boy scout has to do, when suddenly Wylie West, who deals in automobiles when working and oratory when in a crowd, leaped to his feet and hurled an insult in the general direction of Julian Boehm, ad man funsmith.

Words followed that instantly drew the attention from the boy scout performance. The lie was flung. Boehm rushed at West, drew a revolver and fired upon the automobile man. There were shrieks from the diners that penetrated the depths of the elevator shaft. West fell in what looked like the stereotyped "pool of blood."

But such a little thing as a spectacular shooting didn't fease the boy scouts. Four of them quickly shed their jackets, threaded them upon two scantlings into an improvised stretcher, lifted the wounded West upon their shoulders and sputtered his leg in a rapid demonstration of the boy scout's ability to render immediate first-aids-to-the-injured.

The meeting Wednesday was devoted largely to boy scout matters. A squad of young scouts were in attendance in uniform, and two interesting addresses upon the future of the boy scout organization were delivered by Bayne Gibson, commissioner of the local squad, and Captain Jamison, a boy scout official of New York.

The meeting was presided over by St. Elmo Massengale, president.

The pig which was raffled off by St. Elmo Massengale at the banquet was won by Fitzhugh Knox, prominent real estate man. Mr. Knox gave the pig to the boy scouts, who propose to raise it and eventually use it in some future contest. Mr. Massengale acted for Mrs. W. L. Peel. The money was turned over to the Joseph Habersham chapter of the D. A. R.

DEMOCRATIC PARTY MUST FIGHT LIQUOR

Continued From Page One.

my opinion was desired, it ought to be given to all, and that the reasons for that opinion should be stated so that the democrats of Iowa would know what weight, if any, to give to it.

"The prohibition question is an issue in Iowa and this fact is so clearly understood by the liquor forces that one of the leaders of the wet element of the democratic party in Iowa objected to a very excellent man on the ground that he belonged to the drys.

"If the liquor interests insist upon making the question an issue in the selection of a national committeeman, those opposed to the liquor traffic can not well ignore the issue. As a matter of fact, the liquor question now being before the people of Iowa, it could not be ignored in the selection of party officials no matter which side desires to ignore it.

"I do not know to what extent the liquor question will be an issue in the campaign next year. At the present time it does not seem probable that it will find a place in the platform of either the democratic or the republican party, but there is no reason why the national committeeman should not represent the sentiment of the party on this subject as on other subjects.

"Prohibition is not an issue in all the states, but wherever it is an issue I hope to see the democratic party take the prohibition side. It cannot rally itself with the liquor interests without losing its moral standing, and the moral standing of a party is the thing that gives it permanent strength. A surrender to vices of immorality seldom gives even a temporary advantage to a party, but even if temporary advantage could be secured by such a course, it would be at the expense of the permanent welfare of the party. It is not only right for a party to take the moral side of a question, but it pays to do so."

INDICTED ON CHARGE OF SELLING A DOG THAT HAD NO TEETH

George H. Lawhon, of Cartersville, Ga., was indicted by the United States grand jury Wednesday on the charge of selling a dog that had no teeth.

A witness testified before the jury that he ordered a dog from Lawhon and received a canine that had such poor teeth that they all soon dropped out. Other witnesses from Tennessee and Alabama testified that Lawhon failed to send any dog at all in response to their orders.

The charge against Lawhon is using the mails for the purpose of fraud.

Scotch War Widows Will Get Neat Sum From Entertainment.

A tidy little sum was realized for Scotch war widows by the Atlanta Scottish association at their entertainment at the Ansley hotel last night. There were several hundred people in attendance, consisting largely of the Scotch contingent of Atlanta.

The program was thoroughly Scotch, consisting of Scotch folk songs and Scotch dances. The singing of Miss Irma Toland, Robert Henderson, Jimmy Liddell and Miss Orda Thayer was particularly pleasing. Dr. Alex R. Smellie, Miss Dorothy Murray and others were encored a number of times for their Scotch dances.

After the Scotch program was concluded the evening was finished by general dancing.

Leonard J. Grossman Is Elected President Of Economy League

Leonard J. Grossman was elected president of the Civic League of Economy which was organized in the courthouse Wednesday for the purpose of retrenchment in county expenses.

Andy Stewart was elected first vice president and Charles I. Branan second vice president. John S. Sims was selected secretary. The following resolution was drawn following the election of officers:

"The Taxpayers' Civic League of Economy submits for the consideration of voters the following program of retrenchment and economy: The reduction of taxes on the small home-owner and business man and the equalization of assesments; opposition to the use of convicts in the opening of roadways through acreage belonging to wealthy men; abolition of the criminal court of Atlanta, as recommended by the November, 1914, grand jury; the reduction of the staff of bailiffs in the courts and the decrease of fees and salaries for all bailiffs."

It was stated Wednesday that the county commissioners would strongly oppose a movement on the part of the new league to abolish the criminal court of Atlanta and to reduce the number of bailiffs.

Curing Catarrh is A Simple Method
Go to its Source and the Cure Is Then Accomplished.

Only those who have used S. S. S. for the blood know that catarrh is simply a blood trouble.
Most people, uninstructed in this membraneous disease, treat their nose and throat as if catarrh was a local trouble. It is not so. To treat catarrh it is necessary to go into the stomach, the liver, the lungs, the kidneys and all the vital organs of the body. And it is S. S. S. that at once enters the entire blood circulation, all the organs of the body, all the mucous surfaces and becomes a dominant factor for renewed health. It is a simple method when you figure it out. Catarrh is plainly an inflammation of the mucous membranes.
And there is in S. S. S. certain ingredients which cause these mucous surfaces to change or convert their secretions into a substance for easy elimination. A special book on this subject will be mailed to all who write to The Swift Specific Co., 110 Swift Bldg., Atlanta, Ga.
Catarrh is very often the result of some other blood trouble, some germ that gets into the blood and multiplies beyond the control of nature.
S. S. S. is the remdy. Do not accept a substitute for this matchless remedy. Read the circular wrapped around the bottle. It is important.

Building for the Future
COMMUNITIES served by the Bell system are always growing up to their telephone equipment.
Exchanges, switchboards and subways are built not only to care for the present needs of each community, but are so planned as to be readily and economically adapted to necessary extensions and developments for twenty years ahead.
Construction plans are based on careful studies of each locality by men especially trained in estimating possibilities in growth of population as well as commercial and industrial expansion.
The work done here carries out this principle. The building contains room for larger switchboards and central office equipment. The cables contain more wires than are needed at present.
As the city grows these facilities will be needed. They will be ready for instant use and will keep the Bell telephone system always ahead of this rapidly growing city.

Closed steady.

New York, April 7.—Cotton was nervous and unsettled with prices losing yesterday's advance under realizing, and closing barely steady at a net decline of from 14 to 16 points.

Opened at an advance of four points on May, but generally 2 to 4 points lower, and sold about 6 to 10 points under yesterday's close, during early trading. Early cables were firm on an increased spot demand and small offerings, but selling evidently became more active on the advance and the English market was several points off from the best by the hour of the local opening. That led to liquidation by some of yesterday's local buyers, but at the declines of some 12 to 15 points from yesterday's high levels, local offerings were well absorbed by Liverpool straddle buying, continued covering, and some resale demanding Wall street sources, prices rallied during the middle of the morning, with active months selling a point or two net higher.

Buyers, however, showed less aggressiveness in following the advance than recently, and prices weakened again during the afternoon, reaching the day's lowest point in late trading, when the active months were about 14 to 18 points under last night's final figures. Small exports, reports of a diminishing foreign demand in southern spot markets, and rumors that spots were being bought for delivery on New York and New Orleans contracts, probably contributed to the late break.

Exports today were only 100 bales. 80 for this season 6,682,414. Port receipts 32,815. United States port stocks 1,450,918. Interior receipts 18,841.

Spot cotton quiet; middling uplands, 9.95. No sales.

Reaction in New Orleans.

New Orleans, April 7.—Cotton weakened today under selling pressure such as it has not experienced for several weeks past. The orders appeared to come from both longs and shorts alike and late in the session large spot interests, which recently have been supporting the market, were called heavy sellers. This, with new offerings the price worked lower to 20 points under yesterday's close.

Only in the morning did the market show any strength, following the initial decline there was a recovery and a net advance of two points. After this, support was withdrawn and the market sagged, the close as at a net loss of 15 points.

The decline was apparently much in the nature of a reaction. Much of the selling was undoubtedly stimulated by the idea that prevailing prices will lead to a large increase under cotton this spring. A feature of the session which attracted much unfavorable comment was the marked falling off in the export movement. Total foreign clearances for the day were only 100 bales.

Spot cotton steady, unchanged. Sales on the spot 2,715, to arrive, 1,175; good ordinary 8.57; strict good ordinary 8.72; low middling 8.95; strict low middling, 9.04; middling, 9.31; strict middling, 9.56; good middling, 10.00; strict good middling, 10.37; receipts, 12,245; stock, 374,144.

SPECIALTIES MAKE FURTHER PROGRESS

Auto Shares Break Into New High Ground With Gains Which Run as High as 7 Points.

New York, April 7.—In essential features today's stock market was largely a repetition of the day preceding. Prices made further progress, though gains were mainly in specialties which have dominated operations of the last fortnight.

Automobile shares broke into new high ground, with gains which ran as high as 7 points. Petroleum stocks, fertilizers, the smaller steel companies and numerous other miscellaneous issues joined in that movement, which again bore traces of professional manipulation.

These advances were partly nullified by corresponding declines in various specialties, including Bethlehem Steel, General Electric, Cuban American Sugar and more subordinate issues. Rock Island and Missouri Pacific were active at advances, but leaders like Union Pacific, U. S. Steel, Reading and Amalgamated rose and fell alternately.

Local and interior banks are once more in the money market, long time loans and purchases of commercial paper constituting a large part of their recent operations.

Total sales of stock, 524,900 shares.

Bonds irregular with some decided gains in Missouri Pacific, Chicago and Eastern Illinois 6's and Rock Island debentures. Total sales, par value, aggregated $2,434,000.

United States bonds unchanged on call.

WHEAT DECLINES ON PEACE REPORT

Rains Allay Fear of Drouth. The Absence of Any New Export Demand Is Noted by Traders.

Chicago, April 7.—Rains that allayed fear of drought damage started wheat on a decline, which was emphasized later by the government crop report and rumors that Austria had sued for peace. Close heavy at a loss of 1⅜ to 2 cents net. Corn finished half a cent down, oats ¼ cent off to ¾ up, and provisions varying from a setback of 5 cents to a rise of 2½ cents.

Absence of any important new export demand for wheat attracted considerable notice in view of the acknowledged shortage abroad. That, however, did not alter the fact that clearances for Europe continued on a big scale.

Corn eased off with wheat and on improved weather conditions.

Oats relatively firm on seaboard buying of May delivery.

Demand for provisions was only fair.

CONDITION OF WHEAT SHOWS IMPROVEMENT

Crop of 619,000,000 Bushels Is Predicted by Department of Agriculture.

Washington, April 7.—Winter wheat came through the freezing months in excellent shape, growing on the greatest acreage ever planted in the United States. Prospects for a record crop probably were blighted, however, by the unusually dry fall and scattering evidences of the Hessian fly, which caused the condition to be only 88.3 per cent of normal in December.

During the winter, the general condition improved one-half of one per cent, as shown by the department of agriculture's canvass made April 1 and announced today. The crop reporting board, basing its estimate on the April condition and the area planted last fall, placed the prospective crop production at 615,000,000 bushels, 39,000,000 bushels more than was indicated in December. A steady improvement in the condition, the board pointed out, might bring forth a crop approaching last year's record production of 684,390,000 bushels.

In Kansas, Nebraska, Oklahoma, Illinois and Missouri, which last year produced more than 55 per cent of the winter crop, the condition has greatly improved since December, their average condition being 3.8 per cent better on April 1.

The crop reporting board issued this statement:

"The par, or one hundred per cent normal condition, of wheat on April 1, may be regarded as equivalent to approximately 16.9 bushels per acre planted hence the condition of 88.8 would indicate 15.0 bushels, which on 41,262,000 acres planted would give a total production of 619,000,000 bushels, as compared with a final estimate of 684,390,000 last year, 623,561,000 two years ago, 599,919,000 three years ago, and 630,656,000 four years ago.

"In forecasting this quantity of 619,-000,000 bushels, it should be considered as the amount of which the probability is about equal that the outturn will be above or below it, according as to the changes in condition from now to harvest.

Condition of winter wheat and rye in the southern states and in the big wheat growing states on April 1 and the ten-year average follows:

EDITED BY DICK JEMISON.

HAVANA REDS ARE DEFEATED 5 TO 0

Cuban Team Gives Crackers Fierce Argument — Have Speed Merchants—Play Again Today.

By Dick Jemison.

Jose Massaguer, Jr., sport writer of The El Mundo at Havana, Cuba, piloted his Havana Reds into Atlanta yesterday morning for a four-game engagement against Bill Smith's Crackers, the first coming off Wednesday afternoon.

The Reds gave the Crackers a terrific argument for the opening game, the final score, 5 to 0, in favor of the Crackers, not showing the intenseness with which the battle was contested.

For five innings Ballesteros, the Cuban twirler, held the Crackers without a semblance of a blow, though some of the balls were hit hard and he was backed by some splendid support. But he sprang a wild streak in the sixth session, and the locals were able to bunch their blows for four of their five tallies.

"Lindy" Hiett had to twirl a regular game against the Cubans to hold them in check. He had to stick his fast ball in his pocket. Every time he'd steam one across, one of the Cubans would hammer it for a blow. When he got his curve and change of pace working, he had the Reds guessing.

Hiett was touched up for four hits in the first two innings, but pulled out without a run. For the remainder of the game the Reds got but two blows off his delivery.

Pleasure to Watch.

The work of the Reds is a pleasure to watch. Massaguer has them on their toes all the time hustling every minute. The way they can get over the ground is a caution. Every man on the club is as fast as any one man on the Crackers and there are several of the Cubans that are faster than any man the Crackers have.

They are sensational fielders, covering acres of ground in the field. And throw—none of them know what a sore arm is, and the ball travels with a speed of a rifle shot and right to the place that it is aimed.

Their incessant chatter in their native tongue was naturally amusing to the fans present Wednesday, but every one admired them for the way they kept after the Crackers all the time, batting them for the decision.

The victory was the fifth straight victory for the locals and also broke a winning streak of the Reds, who up until Wednesday had won the last six games they had played.

They defeated Keewatin academy in two games at St. Augustine, 14 to 0 and 1 to 0, Jacksonville, at Jacksonville, 4 to 1, Piedmont institute, at Waycross, 8 to 0, and Savannah, at Savannah, 3 to 2 and 3 to 2.

The Crackers were able to get but five hits off the delivery of Ballesteros during the game, three in the sixth inning and two in the eighth. He showed splendid speed and nice control, with the exception of these two rounds.

How Runs Were Scored.

The Crackers scored four runs in the sixth. Bowden got a base on balls, was sacrificed to second by Bisland, went to third on a passed ball. Eibel walker. Moran shot a double into center field, scoring Bowden, and Manning lammed a double to left, scoring Eibel and Moran. Tullos singled, sending Manning home.

The Crackers shot another one across in the eighth, when Eibel hit to second base and was safe when the first baseman dropped the throw. Moran dropped a single in right, sending Eibel to third, but was thrown out trying to score on the throw to third. Tullos slammed a vicious drive for the scoreboard, which the speedy Mendietta got his hands on after sprinting a couple of yards, but could not hold. This sent Eibel across the plate. Tullos pulling up at third.

The Reds play again today. Perez, known in Cuba as the Cuban Joe Bullet, named so after Joe Bush of the Athletics, because of his speed, and Gutierrez will be the battery for the Cubans, with Williams and Niederkorn working for the Crackers. If you get a chance, give the Reds the once-over. They are worth seeing in action.

Houck and Brown Meet Tonight

Houck and Brown Ready For the Gong at Bijou; Middles Scrap Tonight

Tonight's Boxing Card.

George K. O. Brown v. Leo Houck, ten rounds, wind-up.

Kid Young v. Battling Budd, eight rounds, semi-wind-up.

Kid Underwood v. Harry Diamond, six rounds, preliminary.

Kid Brown v. Kid Duncan, four rounds, opener.

Tonight's boxing card at the Bijou theater has been completed and the best bouts of the season are to be offered local boxing fans. Four bouts are on the card, a ten-round bout between George K. O. Brown and Leo Houck, an eight-round go between Kid Young and Battling Budd, a six-round affair between Kid Underwood and Harry Diamond, and a four-round opener between two local boys who will fill out the card.

This is by far the best bouts put on here in some time, and some interesting milling should be staged. Brown and Houck have both delivered in faultlesss fashion in previous bouts and there is no doubt but that they ought to put up one corking battle. Neither boy is there much on the fancy stuff, but both love the game best when the slugging is hottest.

The semi-windup between Kid Young and Battling Budd is also attracting much attention. Young has a heap of admirers here, and they will no doubt be out strong tonight to see how good he is now. The "Fighting Newsie" should have his hands full in winning from Budd.

Kid Underwood and Harry Diamond are billed to travel over the six-round route. Diamond hails from Memphis, where he has fought the very best of them there.

The show will open with a four-round opener between two local boys. All in all, the card appears the best and most attractive put on in a long time. The Bijou box office is open and the advance sale is very large. Tickets sell for 50 cents to $1.50. Ringside seats sell for $2.

The main bout boys and the semi-wind-up boxers signed articles yesterday in the presence of Attorney Leonard J. Grossman so no possible hitch can come up from now until ringtime.

TECH JUNIORS WIN ANNUAL TRACK MEET

By Hal Reynolds.

The Juniors won the inter-class track meet yesterday afternoon on Grant Field, compiling 54 points. The seniors came second with 45 points; the freshmen third, with 42; the subs fourth with 35, and the sophs last with 31 points.

The meet was one of the best that the Tech classes have ever conducted, the competition being keen in all of the events.

As a result of yesterday's meet four school records were sent glimmering. In the shot-put, Jim Preas broke his own record made a year ago, by putting the shot 37.9 feet, about three feet better than his distance last year.

Hugh Mauck smashed his own record made last spring in the hammer throw by tossing it 132 feet, about six feet better than in 1914. He also broke the record in the discus throw held by Jim Preas by throwing the discus the distance of 111.3 feet, beating Preas' record by three feet.

In the four-forty yard dash Sparks clipped two-fifths of a second off the record made by J. A. Logan three years ago.

The running records were all the more remarkable when the slow condition of the track is taken into consideration. On a fast track, the men should be able to make some extra good time.

In individual scoring, Sparks, of the seniors, made the highest score with a total of 18 points. He ran first in the 440-yard dash, in the high hurdles and came second in the 100-yard dash and 220-yard dash.

In the 100-yard dash, Griffin, of the sub team, made the best time, 10 3-5 seconds. This is the best time that has been made at the school in recent years. The school record is held by G. W. Semmes with a record of 10 seconds flat.

The following is the list of events:

100-yard dash—Griffin, sub; Sparks, senior; Niegles, junior. Time of winner, 10 3-5 seconds.

220-yard dash—Niegles, junior; Sparks, senior; Struppa, fresh. Time of winner, 24 seconds.

440-yard dash—Sparks, senior; Niegler, junior; Hardin, sophs. Time of winner, 53 2-5 seconds.

880-yard run—Rand, fresh; Fitzgerald, sub; Mitchell, sophs. Time of winner, 2 minutes 12 1-2 seconds.

1-mile run—Gartrell, junior; Ellis, fresh; Powell, sub. Time of winner, 5 minutes 7 2-5 seconds.

220-yard hurdles—Sparks, senior; Goree, junior; Gross, fresh. Time of winner, 29 seconds.

120-yard hurdles—Goree, junior; Blackwell, fresh; Jordon, senior. Time of winner, 19 seconds.

WELCHONCE LEAVES FOR HIS HOME TOWN

Harry Welchonce, Cracker captain and heavy hitter of last season, will leave Atlanta today for his home in Greenville, S. C., where he will spend the rest of the year.

Harry is to manage an independent club in his home town during the coming summer and is going to take charge of the club at once.

Harry leaves with the best wishes of every fan in Atlanta and with the hope that he'll recover his complete strength and be back with the Crackers again next season.

ROBERTSON SOLD.

Frank Robertson, the Norcross, Ga., boy, whom Manager Smith signed up for a trial this spring, has been sold to the Columbus club of the South Atlantic league.

Robertson is a grand young pitcher, lacking only experience. Manager Smith believes that he will make Jim Fox a grand man and with the year's experience that he will get working for Fox will be ready for the Crackers in 1916.

Manager Smith is going to turn loose one more player between now and opening day and with this other release, he'll be within the limit of eighteen prescribed by the league president for opening day.

HIETT TO TWIRL AGAINST MOBILE

Manager Smith announced yesterday that "Lindy" Hiett, the Texas league twirler, who worked a shut-out game against the Havana Reds Wednesday, was his pitching selection for the opening game of the season in Mobile on next Tuesday.

Hiett has been working grandly since reporting here and is in the best shape of any twirler on the staff. He worked the whole game Wednesday and got better as it progressed.

The batting order that was used against the Reds Wednesday: Bowden, lf.; Bisland, ss.; Eibel, 1b.; Moran, cf.; Tullos, 3b.; Potts, 2b.; Rumler, c.; Hiett, p., will be the one that Billy will use against the Gulls, with the possible exception of Rumler. Bill has not made up his mind on the catcher for the opener.

"Cy" Williams will probably have the honor of working the first game to be played at Ponce de Leon, which will be Wednesday, April 14, with the New Orleans Pelicans as the Crackers opponents.
